

Central County Out of Two County Transit District

All central Contra Costa County was excluded from the Alameda Contra Costa Transit District Wednesday night by the district's board of directors.

The only areas in Contra Costa which now remain in the district are Kensington and El Cerrito and some scattered areas near Martinez.

THE CITIES of Concord and Walnut Creek were excluded by the district as were some 190 square miles of unincorporated area including Lafayette, Orinda and Pleasant Hill.

City and County officials had requested withdrawal of the areas from the district. They argued that residents of the area did not want to remain under district jurisdiction. Property owners in the excluded areas will still have to pay 1959-60 district taxes, however, because their property was still in the district on the first Monday in March. This year's tax rate is 2.8 cents per \$100 assessed valuation.

THERE ARE about 127,000 persons living in the areas excluded. Population of the district as it now stands, including Alameda County from Albany to Hayward, is an estimated 844,000.

When the district was formed in 1956 it included the bulk of the population centers of both counties. Then a taxpayer's suit resulted in a court decision that Richmond and San Pablo were not legally within the district. A few days later district directors let 50 square miles of unincorporated northern Contra Costa withdraw.

OPPOSITION to the district has been heaviest in Contra Costa County since the idea of creating it was first advanced. Contra Costa precincts generally opposed a district bond issue last November.

Areas that remain in the district favored last year's bond proposal. They will get another chance to vote on financing district operation in October or November. Directors are planning a \$15,500,000 bond issue.

Observers claim the election may be October 20.

Contra Costa Has Finest Arrest, Return: Young

By BOB RAPIDA

Contra Costa has fewer deputies, more felonies committed and a greater recovery rate than several comparable counties in the Bay Area, according to a report of the State Bureau of Criminal Statistics.

The report, issued by the state of California, Department of Justice, Division of Criminal Law and Enforcement, shows Contra Costa Sheriff's Department had 1365 felony reports during a one year period.

ALAMEDA COUNTY Sheriff had 972; San Mateo sheriff, 713; Santa Clara, 1262. San Francisco is both county and city and reports are submitted by the chief of police.

In Contra Costa, through the sheriff's office there were five cases of willful homicide, 72 robberies, 107 assaults, 862 burglaries, 113 thefts, 181 auto thefts, 25 cases of forcible rape and 379 reports of forgery and checks. In addition to the so-called seven major crimes, there were 142 other felony reports. The major crimes exclude forgery and checks.

In the unincorporated areas of Alameda county, where there are far more deputies on patrol than in Contra Costa County, there were six willful homicides, 41 robberies, 44 assaults, 591 burglaries, 87 thefts, 183 auto thefts, and 20 cases of forcible rape.

SOME 498 forgery and check cases were reported to the Alameda County Sheriff's Office while there were 142 other felony reports filed.

According to the figures submitted and documented by the state, there were by far (almost 400) more felony complaints in Contra Costa than Alameda County, yet there is a great difference in personnel in the two departments as well as a difference in salary schedules.

In Alameda County there are eight captains, 19 lieutenants, 16 sergeants and three police women and 12 detectives. There are 200 to serve an unincorporated population of 102,650.

ON THE OTHER hand, Contra Costa has an estimated unincorporated population of 240,000 living in approximately 661 square miles.

Contra Costa has a total of 134 persons in the department. The breakdown for this county is as follows:

There is no captain's position. There are two lieutenants, five sergeants, six detectives, 62 patrolmen and 22 jailers.

The city of Concord, alone, has 25 patrolmen, six sergeants, three lieutenants serving a total population of 30,582.

Santa Clara County has an estimated unincorporated population of 194,113. There are 212 square miles of area covered by the sheriff's office.

Santa Clara has three captains, five lieutenants, 17 sergeants, 16 detectives, 98 patrolmen, 19 jailers, 16 bailiffs and 13 matrons.

THE SANTA CLARA Sheriff's office received three reports of willful homicide, 52 robberies, 32 assaults, 815 burglaries, 112 thefts, 230 auto thefts and 14 forcible rapes. There were 503 complaints concerning forgery and checks and 26 other felonies.

Contra Costa has an estimated population compiled by the state of 370,000 against a San Mateo county population of 309,000.

IN CONTRA COSTA there were 292 felony filings on defendants in California superior courts. This gives Contra Costa a rate of 79 per 100,000 population.

San Mateo filed before the superior courts 294 cases with a ratio of 68 per 100,000.

Contra Costa filings in court on felonies was up 19.7 per cent from the previous year with the same number of men. Alameda county went up only 7.4 per cent and Santa Clara County went up 7.8 per cent.

FROM THIS, the state pointed out, Contra Costa's recovery rate is higher than other Bay Area counties.

But, the case of the sheriff's office has to be proved in the courts. Here is what happened in 1958 to defendants in the superior courts jailed by the sheriff's office.

Some 242 defendants were convicted in Contra Costa County. Of these 198 were convicted as charged, 44 were convicted of lesser offenses including 11 lesser felonies and 33 misdemeanors.

The lesser offense total was 18.2 per cent.

CONTRA COSTA sent 64 persons to prison, 21 to the California Youth Authority, 58 were given straight probation and 71 were given probation with a jail term.

Two others were sent to mental hospitals. On a percentage basis, 28.4 were sent to state prison, 53.3 drew probation of some kind and 10.7 were sent to county jail.

San Mateo convicted 232 felony defendants. Of these, 64 went to state prison, 21 to the youth authority and 58 drew straight probation.

An additional 71 drew jail as part of their probation and seven were sent to mental hospitals.

THIS GIVES San Mateo a percentage of 25.9 to state prisons; 57.3 were given some form of probation and 11.2 went to county jail.

Again, Contra Costa rates higher in the state's report.

The workload of the Contra Costa Sheriff's office may also be compared with the individual police departments in the county.

The sheriff answered 1365 felony complaints out of a total of 3194 in the county.

THE CITIES in the county received the following number of felony reports:

Antioch, 78; Brentwood, 5; Concord, 208; El Cerrito, 118; Kensington police district, 11; Martinez, 84; Pinole, nil; Pittsburg, 141; Richmond, 848; San Pablo, 145; Walnut Creek, 101.

Out of these 3041 felony complaints in Contra Costa there were a total of 696 persons arrested.

Of these, 206 were arrested by the sheriff's office. Seven were jailed for homicide, 20 for robbery, 22 for assault, 30 for burglary, 23, theft; five for auto theft; 41 forgery and checks; 29 for sex offenses; six, narcotics; and 23 other persons were arrested for other felonies.

In Alameda county, out of a total of 3570 arrests, 296 were arrested by the sheriff's office. In San Mateo County, out of 573 arrests, 199 were by the sheriff's office.

Santa Clara County had 1572 arrests of which 441 were made by the sheriff's office. In Santa Clara County there were 12 incorporated cities; in Contra Costa there are 11 cities and one police protection district.

PATROLMAN Says Speed, Drinking Cause Accidents

Ninety per cent of the automobile accidents in Contra Costa and Alameda counties result from either speeding or drinking or both, according to William Hamilton, special investigator for the California Highway Patrol's Martinez office.

Hamilton spoke to the Orinda Rotary Club Wednesday at its regular luncheon meeting in Mike Lynn's Restaurant, formerly the Willows.

THE CHP investigator urged drivers not to drive at all if they have been drinking.

He said this county has no teenage driving problems, as such.

Aggravated assault excludes wife or child beating, but includes assaults and attempted assaults which might result in severe bodily injury to the victim or in death.

It also includes all cases of attempted murder and all assaults and attempted assaults with the exception of assault to commit robbery or rape.

BURGLARY INCLUDES all offenses in which any building or structure is broken into or entered with the intention of committing a felony or any theft. The attempt to commit burglary is also included in the classification, but theft from locked autos is excluded.

Theft includes all felonious offenses of stealing which are committed under circumstances not amounting to robbery or burglary and attempts to commit thefts. Any theft involving over \$200 is felonious. The theft of certain fruits and nuts is also a felony as is the theft of horses.

Contra Costa Sheriff's Office was listed as one of the outstanding departments for arrests and recovery of goods in the Bay Area by the State Bureau of Criminal Statistics.

Here is the list of definitions used by the state in the compiling of the report. The facts are listed in another story in this issue.

The classification of the seven major crimes as listed by the state includes willful homicide. This section only includes murder and excludes negligent manslaughter.

Robbery includes all offenses in which property is taken from the person or immediate presence of another through means of force or violence or by putting in fear and also includes assault with intent to rob and attempt to commit robbery.

Aggravated assault excludes wife or child beating, but includes assaults and attempted assaults which might result in severe bodily injury to the victim or in death.

It also includes all cases of attempted murder and all assaults and attempted assaults with the exception of assault to commit robbery or rape.

BURGLARY INCLUDES all offenses in which any building or structure is broken into or entered with the intention of committing a felony or any theft. The attempt to commit burglary is also included in the classification, but theft from locked autos is excluded.

THE CENTRAL Contra Costa Sanitary District is constructing a \$400,000 pumping station behind the Orinda Theater at the Crossroads, but all that can be seen at this stage of the project is a hole 23 feet deep, which will house the two underground floors of the station. Engineer-manager Gerry Horstkotte of the district said the station should be completed and in operation by June 1960. Contractor on the project is M. W. Garing.

Crowds Jam Tables In Richmond Bridge Tourney

By ROD ERNST (AT 3-8569)

I hope some of you took my advice and journeyed to Richmond last weekend. There were a total of 725 tables in play over the three and one-half day span of the event.

Yours truly played in every session except one and it has taken me most of this past week to recover.

In reviewing the results, I noticed there were several hundred others who feel the same way about this game of duplicate bridge as I do.

As late as 2 a.m. many players were still milling around, enjoying the free cake and coffee, and talking about nothing but bridge hands. Some 100 prizes were awarded to the winners of the different sections. Once again the Contra Costa participants did themselves proud.

Certainly one of the most popular happenings occurred when the husband and wife team of Peter and Muriel Gatti of Concord placed second overall in the 30-odd table Masters Pairs Championship.

This was the banner event of the entire tourney with players from all over northern California participating. In talking with the Gattis after completion of the session, you would have thought they had just inherited a fortune from the look of pleasure they had on their faces. Our heartfelt congratulations for a fine performance.

OTHER HIGHLIGHTS of the tourney included the winning of the Men's Pairs Championships by Senior Master Peter Rank of Lafayette partnered with Harry Feinberg of San Francisco; and the fine showing made by Life Masters Bob Adams of Lafayette and Marilyn Johnson of Oakland who were second overall in the Mixed Pairs event.

Yours truly, also partnered with Feinberg, placed fourth overall in the 160-team Open Pairs contest.

Among others who placed high in the championship events were: Katherine Mullins, W. J. Johnson, Don Ingham, Concord; Burton Marliave, Lorraine Heys, Bob Kirby, Ken Powlesland, Joe Anderson, Walnut Creek; J. C. Michael, Ken Friedenthal, Pleasant Hill; Ruth White, Danville.

In the secondary championships, a notable performance was given by Lorraine Heys of Walnut Creek and Katherine Mullins of Concord who won the Mayors Cup event.

Other winners included: Norwood Allen, Steve Klein, Edith Fitzpatrick, Orinda; John Kasabian, Jean Mitchell, Hugh and Polly Henderson, Pleasant Hill; Lorna Barber, Irene Hensley, Mr. and Mrs. George Roberts, Bill and Inez Benjamin, Walnut Creek; Bill Towers, Lafayette; Beckson Juett, Concord.

IN THE JUNIOR Championships, Vera Wallace of Concord and Gladys Bergman of Danville made a very fine showing.

They played four sessions together, winning once, and plac-

ing second, third, and fourth the other three times. It won't be long before this pair starts playing along with the best of them.

Last but certainly not least, two very well-liked players were awarded their gold cards signifying that they had reached the highest level of attainment in the rankings of American Contract Bridge League.

About midway through the events on Saturday night, play was halted and Mrs. R. F. Dashiell of Berkeley and Mrs. H. C. Burns of Oakland were called to the stage.

They were officially given the rank of Life Master-Life Member.

Mrs. Dashiell's comment will ably close this column. "I wish to give thanks to all my partners and some of my opponents for the help given me in obtaining this honor."

Firms Thanked In Letter From Orinda Player

W. A. Polk, manager and assistant vice president of Orinda's Central Valley National Bank, this week received a letter of appreciation from Jim Tonascia, 47 Linda Vista, one of the players on the community's first American Legion baseball team this summer.

The bank and other merchants in the Orinda area combined through contributions to purchase uniforms and other equipment so the high school youths could field an American Legion team.

POLK CALLED Jim's letter, "A fine expression from this young chap."

The text of Jim's letter follows: "This summer I had the privilege of playing on Orinda's first American Legion baseball team. From my point of view, the season was a great success. Although we did not win our division, we did win four games and succeeded in giving the other teams in the league some stiff competition.

"WE WERE one of the best equipped teams in the league with all of our equipment being new and of first rate quality. Without the interest and generosity of our sponsors, the team would not have been possible.

"I want you to know we appreciate your support greatly. "Next year should prove most successful since most of our players will be returning.

"WE ARE all looking towards next year with great relish. I wish to thank you again for your support, knowing that without it all the fun of traveling throughout the county to play teams from other cities would not have been possible."

Visit Pebble Beach

Mr. and Mrs. G. A. Filice, Jr., 405 Miner Road, are vacationing at Del Monte Lodge, Pebble Beach.

CCCSD Building Pumping Station Near Crossroads

Wondering what that huge excavation is behind the Orinda Theater?

It's the beginning of construction of the Central Costa County Sanitary District's new \$400,000 pumping station which is expected to be completed and in operation by June, 1960.

ACCORDING TO Gerry Horstkotte, engineer-manager of the district, the new station ultimately will replace the Lake Cascade pumping station off Camino Sorbante above the Orinda County Club.

The purpose of the station, which has been in the planning stages since 1955, is to provide a station which has the ability to provide service to the Orinda area in its built up entirety, Horstkotte stated.

He explained that it will make use of the force mains installed along with the free construction through Charles Hill Road.

CAPACITY of the station will be 21 million gallons a day, the manager said. The facility, being constructed of reinforced concrete by the M. W. Garing contracting firm of Oakland, will cover an area of 48 by 25 feet, or 1,200 square feet.

It will have three floors, two below the ground and one above. The hole which has been dug on the site is 23 feet deep and will house the two lower floors, Horstkotte reported.

Burning Stuff Thrown from Car Starts 4 Fires

Burning material maliciously thrown from a moving car started four fires along the freeway in back of Western Sand and Gravel Company, Tuesday, and by the time Lafayette Fire Department men arrived on the scene it had one big fire.

They had it out within a half hour.

The firemen also assisted the Central Fire District Wednesday in quelling flames which broke out behind Zilke's Furniture, 2750 Mt. Diablo Boulevard, and several homes in the area were untouched.

A brush fire at 1061 Orchard Lane was quickly brought under control, Wednesday afternoon.

ANCIENT

Tarshish was mentioned in the Bible as an ancient maritime country. Scholars have located it in Spain and identified with Tarshus.

Residents Will Ballot On Incorporation Oct. 27

By LARRY GLAZIER

Almost all of the requests for exclusion from the proposed Town of Lafayette were granted by the County Board of Supervisors Tuesday, and proponents of the Lafayette incorporation, are optimistic for a favorable vote October 27.

The formal boundaries, which go to a public ballot in less than 11 weeks, include about 85 per cent of the area in the original petitions, and leave a city of about 8.5 square miles in area and with a population of about 20,000.

IF INCORPORATED, Lafayette would become Contra Costa County's 12th, and third largest, city. In presenting the final map for the supervisors' approval Tuesday, Deputy County Assessor Jerry Tara reported that formal written protests to the board totaled only about 12.5 per cent of the total \$4,150,000 unimproved land valuation of the area.

To block the incorporation election protests would have had to total \$2,130,000, or 51 per cent of the valuation.

THE TOTAL assessed valuation of the proposed city is about \$23 million.

Exclusions allowed by the board included the entire Springhill Road area and about two-thirds of the Springhill Road area (at the end of the road); the Old Tunnel Road area which includes Peardale Estates and Buchanan Estates; the hilly region to the north owned by Ghigliione-Bruzone, Kenneth Brown, Jennings and B. P. Neal; a small portion along Estates Drive, which the Lafayette Improvement Association's committee for incorporation said was included erroneously; and the controversial Tony Lagiss property located in the area of the Pleasant Hill interchange.

Nielsen reported there was "no hassle" among the supervisors, who, he said, were agreed that the hilly area and residential areas where more than 50 per cent of the residents protested should be left out.

BILL ZION, chairman of the incorporation committee, said:

"Although these are not the best boundaries, they are workable boundaries. The excluded areas are not of critical importance, because they do not include a lot of population or assessed valuation.

"From a revenue standpoint, this probably is a sounder arrangement because we are not losing any of the sales tax portion of the city, which results in much of the revenues, and many of the enforcement problems are in the excluded portions.

THE OCTOBER 27 election will determine if the "Town of Lafayette," so named to retain a county and suburban flavor, should incorporate, and will also result in the election of five town councilmen, if the incorporation is approved.

Members of the council will appoint the town treasurer and town clerk, as well as other officers, and will select one of their number to serve as mayor.

Incorporation of Lafayette has been discussed in the area for many years, but this will be the first time it will have gone to a public vote.

CANDIDATES for town council posts may obtain nominating papers from the clerk's office in the Hall of Records, Martinez, between now and September 3. The papers must be signed by not less than five more than ten qualified voters, and must be returned to the same office by September 3.

According to James Olson, head of the clerk's election department, who said the proposed city includes about 7,000 registered voters, said candidates for council must be residents of the area involved and must be qualified voters there.

Voter registration will also be open until 5 p.m. September 3, Olson said, and persons residing in any of the precincts involved on that date and who have been county residents for 90 days and state residents for a year prior to October 27, may register.

REGISTRARS WILL be located at all of the Lafayette Fire District stations, and other registrars are Florence Lettier, 887 Oak Street; Florence Dickson, 3368 Mildred Lane; Neil Cornwall, 3569-A Mt. Diablo Blvd.; and Jack Pedder, 995 Hough Street.

Tentative special polling places for the incorporation election, and the precincts which they include, follow:

No. 1—Lafayette fire station No. 4, Los Ararbis Road, Lafayette Nos. 5, 14 and 17.

No. 2—Reley Wiles rampus room, 3 Diablo Circle, Lafayette No. 13 and 30 and Orinda Nos. 26 and 31.

No. 3—AUGUST Denevi shop, 3714 Mosswood Drive, Lafayette Nos. 13, 31 and 32.

No. 4—Meta Leka residence, 1036 Oak Hill Road, Lafayette Nos. 4, 12 and 23.

No. 5—Ted Barcelon Realty, 954 Moraga Road, Lafayette Nos. 9, 10 and 36 (Olsson said this special polling place probably will be changed because Barcelon recently moved his office location.)

No. 6—LAFAYETTE School, 950 Moraga Road, Lafayette Nos. 2, 21 and 35.

No. 7—Lafayette fire station No. 1, 894 Moraga Road, Lafayette Nos. 3, 7 and 27.

No. 8—Acalanes High School, 1212 Pleasant Hill Road, Lafayette Nos. 1 and 20 and Saranap Nos. 3 and 16.

No. 9—LAFAYETTE fire station No. 1, 984 Moraga Road, Lafayette Nos. 8, 11 and 19.

No. 10—Richard Darmstedt rampus room, 3306 Glenside Drive, Lafayette Nos. 6, 24 and 33.

No. 11—STEVE Kosach residence, 767 Solano Drive, Lafayette Nos. 16, 29 and 37.

No. 12—Barbara Ingalls residence, 644 Evelyn Court, Lafayette Nos. 15, 23 and 38.

No. 13—Fairview School, Burton Road, Lafayette Nos. 22, 25, 26 and 34.

Orinda Park Team Wins Swim Meet

On Saturday, August 8, the Orinda Park swim team won a swim meet against the Oakland Swim Association at the Orinda Park Pool.

The score was approximately 300-100.

OUTSTANDING swimmers on the park team were Glen Madison, six and under boys, Mike Kersten, 12 and under boys, Barbic Brush, swimming in 16 and under girls, and Dru Dunshee, swimming also in 16 and under girls.

Glen Madison broke the six and under boys' backstroke record, and Mike Kersten broke the 12 and under boys' butterfly record.

The previous Saturday, August 1, the park team beat both the Lafayette Swim Association, coached by Bob Sherman, and Meadow Pool, coached by Butch Fitzpatrick, in a three-way meet.

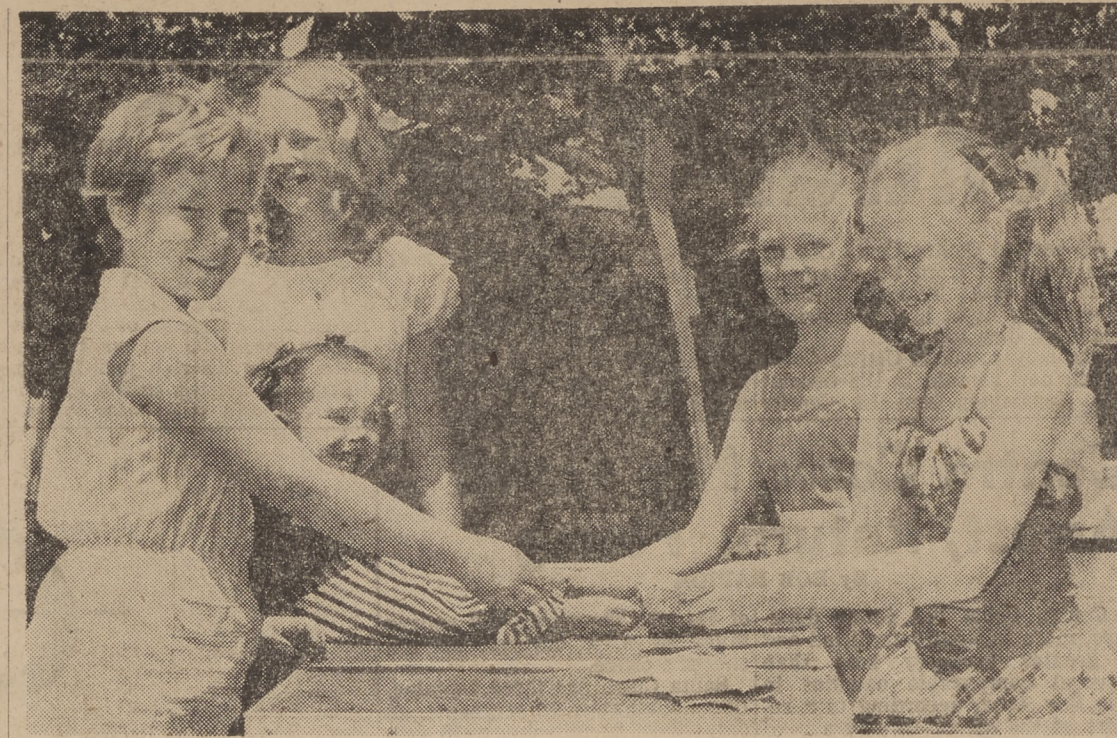

Burglary Of Orinda Home Is Probed

Sheriff's deputies are investigating a burglary at the home of Douglas Killingsworth, 2 Hacienda Circle, which occurred between 12:30 and 5:50 p.m. Tuesday.

Deputy Clifford Clark reported that entry was made by springing open the rear window of the rear bedroom of the residence, which had been left open about two inches.

HE SAID the drawers and closets in both bedrooms and a dining room buffet were ransacked, and a piggy bank with between \$25 and \$30 in it, a \$40 transistor radio and a revolver, possibly a .32 calibre, were taken.

Clark reported it is possible the responsible were two teenage boys.

FOR UNITED CRUSADE, these Orinda youngsters held a neighborhood carnival at the residence of Mr. and Mrs. Charles K. Rosenthal, 11 Del Monte Court. The girls collected \$9.91 which they are turning over to United Crusade. Left to right are Carol Jeppson, and Corinne, Laurel, Michele and Denise Rosenthal.

Transit District Studies \$24 Million Area Program

A \$24,000,000 program to revitalize East Bay public transit with ultramodern buses, a network of fast express lines and more than 200 miles of new or improved local routes was under consideration today by the Alameda-Contra Costa Transit District.

Bulk of the financing would come from a bond issue of \$16,500,000. District revenues would provide the remaining \$7,500,000 to complete new equipment purchases.

THE BLUEPRINT for a faster, more comfortable and attractive transit system was outlined to the district board of directors last night by Charles E. De Leuw, president of De Leuw, Cather & Company, consulting engineers.

De Leuw said the system will be self supporting from district revenues, and will not require additional taxes. Income will be large enough to provide operating costs, funds to pay off the bonds, and necessary equipment and property renewals, he said.

Estimates of revenue are based on the existing 20-cent token fare. The engineers recommended cutting the fare for children 12 years and under, however, to a straight 10 cents.

THE DISTRICT is planning a special transit bond election this October or November. Public approval of the bond issue is needed to put the district into business and replace Key System operations in the area.

Highlights of the transit program, which involves a total of 700 route miles, are as follows:

1. Acquisition of 572 new city and suburban "Transit Liners"—many of them air-conditioned—including 296 to be purchased during the first two years of operation.

ESTABLISHMENT of five new express routes extending between El Cerrito in Contra Costa County and Decoto in Southern Alameda County. The 65 miles of new express lines would operate over freeways wherever possible.

3. Improvement of service frequency on approximately 170 miles of existing transit routes throughout the district.

4. Establishment of 55 miles of new local lines, principally in the areas of Hayward, Alameda and El Cerrito.

5. ACQUISITION of land and buildings presently used by the Key System for terminal and storage purposes in Emeryville, Richmond and East Oakland.

Other improvements include tightening schedules to provide for increased speeds; develop-

ment of off-street passenger transit terminals in Oakland, Berkeley and possibly San Leandro and Hayward; construction of passenger shelters at principal bus stops, and provision of all-day parking facilities for park-and-ride patrons at strategic points served by the express bus lines.

The terminals and parking facilities were not included in the bond issue because of the additional engineering studies that are needed, the engineers reported.

DE LEUW SAID the extensive program will give new service to thousands of residents in the district not presently served by public transit, and will afford those now using existing public transportation greater travel speeds, convenience and substantially improved riding comfort.

The engineering plan contains the suggestions of many East Bay public agencies and other organizations, De Leuw said. More than 150 such groups were asked early this year to participate in developing the transit program.

Largest single amount of the \$8,000,000 for the initial purchase proposed bond issue would be of 296 new diesel buses.

Acquisition of 276 used buses to augment peak hour service during the first years of operation would run to about \$2,800,000. These buses would be replaced by new buses out of district revenue under a planned renewal program beginning with the third year of operations.

DE LEUW told the transit board the planned acquisition of both new and used equipment at the outset of district operations would be the most logical and economical program for establishing the orderly change from private to public operation.

Any attempt to provide all new buses for the initial operation would be unbusinesslike and impractical, and in addition, would delay operation of the district.

Consultant Will Report to Board

Miss Georgia Cooper, consultant in speech correction and improvement for the county superintendent of schools' office, will report to members of the board of trustees of the Moraga School District at their regular meeting at 7 p.m. Monday in the Rheem School.

The subject of Miss Cooper's report will be analysis of group tests given in the district last year in relation to the school program. Other matters on the agenda are of a routine nature, according to Superintendent Charles Toll.

and result in unnecessary tax subsidy, he said.

The printed De Leuw report will be delivered the end of this month. De Leuw said the plan contains numerous changes over his recommendations of a year ago.

THIS IS the result of suggestions received from public agencies and other East Bay organizations studying last year's preliminary plan, and the reduction in size of the district.

A \$16,900,000 bond proposal failed to receive the necessary two-thirds majority last November. However, it proposed to finance service to a larger area, including central Contra Costa County. Contra Costa precincts voted against the measure.

A change in state law this year allowed the district to establish a special transit service zone. It includes Kensington and El Cerrito and all of Alameda County from Albany southward to the southern limits of Hayward except for sparsely settled area near the Upper San Leandro Reservoir.

COULD THIS BE YOU? This is a candid photo of this week's Sun Lucky Commuter. All he has to do is come in to the offices of The Sun and identify himself. Waiting for him are \$5 in cash and a year's subscription to The Sun. A total value of \$8.75. —Sun photo by Dave Ogden.

New Vice Reporting Rules, Personnel Changes Issued

Major personnel changes in the Contra Costa Sheriff's office went into effect Tuesday, according to Sheriff Walter F. Young of Lafayette.

The sheriff stated, in posting the personnel changes, that they were not made because of the grand jury's current investigation into vice and gambling in the county, but to provide "super efficiency" to the public.

HEADLINING THE change in the sheriff's office is a completely new system in the reporting of vice and the operation of the vice detail.

Detective Walter Trawick, who holds the newly created position of chief of police, in an order to his men, stated:

"You shall at all times during the course of your normal working hours be alert to any vice activities. You shall check with your informants during other cases that you may be assigned and also ask them if they have any knowledge of vice activities and shall report in writing even the slightest rumor of a vice condition."

"Any incidents that you observe

that violates any vice laws, you shall immediately make an arrest."

"LAXITY ON YOUR part will not be tolerated. Any detective not following the directives will be brought before the sheriff for disciplinary action."

The county's six detectives, Dave Gardelle, Lee Gallamore, Edwin Stockman, Harold Hobert, Earl Faulkenstrom and Barden Carlson have signed the order.

Prior to the shake-up in the

department, Carlson had been in charge of the vice detail.

Now, vice is under the jurisdiction of Marvin Dickenson and Clifford Avery who are answerable to Trawick and Undersheriff Harry A. Ramsay.

OTHER CHANGES include the transfer of Lieutenant Robert Fisher from the patrol division to the detention division. He will be quartered at the county jail in Martinez.

His post will be filled by Lieutenant John Kirschner, now head of the criminal division.

Inspector Ray Stoffels has been relieved from his command of the record bureau and has been assigned as "Watch Commander" under Kirschner. Stoffels' position will be filled by Sergeant Steve Rossi who will serve in that position in addition to his current occupation as training officer.

Under the new vice reporting system, Young ordered that every deputy report of vice conditions on his beat.

ASSISTANT State Attorney General Clarence Linn, who has been assisting the grand jury in the district attorney in the vice and gambling investigation, said he thinks the sheriff's department as a whole has been operated effectively by the sheriff.

Young said, "The sheriff's office has been understaffed for the amount of work we have to do and we will just have to be super-efficient."

Lucky Commuter Prizes Waiting At Sun Offices

There are \$8.75 in prizes each week for The Sun's Lucky Commuter.

This man stepping off a Greyhound bus will be the winner of a \$5 check and a year's subscription to The Sun by just dropping into any of The Sun's offices and giving his name and address.

Each week some lucky person becomes a Sun Lucky Commuter—better watch The Sun each week—it could be you.

Booker Hired As Consultant For Transit District

B. W. Booker, widely known Bay area transportation expert and former assistant state highway engineer, has been appointed consultant to the Alameda-Contra Costa Transit District.

The appointment, announced by Robert K. Barber, district president, is part of a stepped-up program to promote coordination between street, freeway and public transit planning.

BARBER SAID that Booker will advise the district on future freeway planning for transit use in an effort to obtain full utilization of freeway developments. He also will advise the district on the effects of vehicular traffic on proposed transit routes.

"Freeways provide an excellent means of transporting public transit riders swiftly and comfortably," Barber said. "Further, increased transit patronage can contribute to freeway efficiency."

A single lane of freeway will accommodate at least 10,000 bus passengers an hour as compared to only 2,400 by private car, with one bus replacing about 35 autos, Barber noted.

BOOKER ALSO will serve in a liaison capacity with East Bay municipal and county officials who are developing street and highway programs for their local areas.

Booker, as assistant state engineer for the nine Bay Area counties from 1952 until he retired May 1, was responsible for the planning and design of major developments in the area's freeway system.

Skipper Sedley To Appear at Broadway Center

Skipper Sedley, seen on TV every day by a half million persons, will be at the Broadway Shopping Center next Friday for two shows.

With Skipper Sedley will be King Fuddie, the Think-A-Tron Hat, Clinker and Clunker, Ferocious Freddie, Willie the Whale and other favorites of the children.

Skipper Sedley has the third highest rated show in Northern California and will be on hand for the annual Broadway Back to School Celebration.

The back to school celebration, from next Friday to September 5, will feature a drawing for a pony saddle and three months' board.

Waldie Appointed To Education Code Reviewing Group

Speaker of the Assembly, Ralph M. Brown, today announced that Assemblyman Jerome R. Waldie, Antioch, was appointed as a member of the Interim Committee to study revision of the Education Code of the State of California.

Assemblyman Waldie stated, "It is hoped that the results of this interim study will enable the State Legislature to enact a comprehensive bill simplifying the cumbersome provisions of the Education Code."

SKIPPER SEDLEY, a favorite with all the kids, will be on hand at the Broadway Shopping Center's "Back to School We Go" celebration next Friday at 11 a.m. and 2 p.m.

Henry I. Hansen Gets Certificate

Henry I. Hansen, 3001 Woodlawn Drive has been awarded a certificate by the New York Life Insurance Company marking his completion of the company's basic and intermediate training courses in insurance counseling. It was announced today by John C. Copeland, general manager of the company's Berkeley general office.

The course took a year to complete and put emphasis on adapting the company's insurance program to family and business life insurance investments.

Hansen is a graduate of the University of California and a veteran of the U.S. Navy.

Grand Jury to Resume Investigations Tuesday

"No pressure has been put to the Contra Costa Grand Jury to halt its investigations into vice and gambling in the county," according to John B. Dunlap, foreman.

Dunlap stated the grand jury is not finished with its investigations and will meet time Tuesday at 1:30 in the Hall of Records, Martinez.

Meanwhile, Assistant Attorney General Clarence Linn announced he would return to Contra Costa County from San Francisco Monday to resume the state's investigation into vice and gambling.

LINN SAID the state attorney general's office is continuing its investigation with three men assigned to the Contra Costa area. Meanwhile, Marvin Dickerson, a deputy sheriff recently appointed by the sheriff to the vice squad slammed out at the sheriff and the vice detail.

SHERIFF WALTER F. Young stated Dickerson was appointed to the vice detail because he showed an interest in vice correction and was willing to make voluntary reports to the district attorney and the grand jury.

Dickerson said he told Linn that the vice detail "just wouldn't work." Linn says that the two of them had discussed some problems, but denied they had discussed the vice detail.

Dickerson said he told Linn that the patrol cannot be effective because it:

HAS ALSO been assigned as a safe robbery flying squad, an additional duty which will conflict with its vice investigation;

Has been ordered to remain in uniform at all times;

Has been assigned a regular

which Dickerson claims to have had with him, "never took place."

Linn, who had announced that new evidence would be put before the grand jury Tuesday, yesterday said he would review matters rather than present new material.

LINN SAID that prior to District Attorney John Nejedly's departure to the High Sierras, the district attorney had asked him to Contra Costa and continue the investigations during his absence.

According to reports, Linn spoke with Sheriff Young, Undersheriff Ramsay and several other unnamed persons.

LINN WAS IN Martinez Tuesday and Wednesday, but returned to San Francisco yesterday.

Ramsay in commenting on Dickerson's statements, said the prime duty of the vice detail would be to regulate card rooms, pinball machines and to watch the activities of carnivals and the like.

He said the patrol was a preventive measure to assure gambling and vice would not have the chance to crop up in the county.

Dickerson stated he was appointed to the post as a "reprisal." Ramsay said, the officer will have better working hours than he now has, but there is no such thing as a "plush job in police work."

Ramsay commented the sheriff's office is investigating the creation of a spectator ordinance for the county. This ordinance would also enable officers to arrest persons not actually participating in a gambling game, but lookers on as well.

Young said the patrol might not make a great number of arrests. "However, when they see activity which they suspect, they will report their suspicions to the detective bureau and the full plainclothes manpower of the office will go to work," he said.

UNDERSHERIFF Harry Ramsay said the patrol will be backed up by two undercover men and the entire detective staff.

Linn, in a conversation with The Sun, stated the conversation,

Rain Sinks Full Trailer In Lafayette Driveway

Many central county residents may not be aware that it rained a little early last Saturday morning, but it did, and young Bo Jones of Lafayette can tell you all about it.

Bo, the 14-year-old son of the Channing Jones Jr.s, 4050 Marianne Drive, likes to embark on personal money-raising projects, and during the last month he kept busy by collecting 10 tons of paper for sale to a salvage company—a feat which sometimes takes an entire Cub Scout pack a number of months to accomplish.

THE LAFAYETTE teenager obtained the great quantity of paper, which can be sold at the price of \$10 per ton, by keeping his eyes and ears open while he was busy taking care of some of the gardening chores he performs in the Acalanes Valley area.

When Bo found some of his customers who had any quantity of scrap paper lying around, he would offer to bundle it up for them and then place it out in front of their homes.

Later that evening, then, his mother would drive him around to the various locations and, while she sat in the car, he would load the vehicle to the hilt.

THE PAPERS were piled up on the Jones driveway, and last week Bo determined that he finally had the 10 tons required for the \$100 salvage pickup and he telephoned the Pioneer Salvage Co. in Oakland.

Salvage firms employ the general policy of driving a truck and trailer to the places where they are to pick up papers on Friday evenings, then leaving trailer behind for loading purposes.

Gene Williams to Head Hospital's Club Campaign

Endowment of specific memorial rooms and equipment in John Muir Memorial Hospital is the aim of the committee headed by Gene Williams of Walnut Creek.

Williams, well known insurance broker, has accepted chairmanship of the club and organization solicitation in the \$750,000 building fund drive.

Examples of memorial rooms, and contributions which for financing advantages can be pledged over several years to establish these new hospital are: the examining room, \$3000; out-patient waiting room, \$5000; main lobby, \$20,000; admitting office, \$10,000; administrator's office, \$5000; laboratory, \$25,000; emergency department, \$25,000; two-bed maternity room, \$6000; nursery, \$15,000; kitchen, \$15,000; operating room, \$25,000; recovery room, \$15,000; delivery room, \$15,000; labor room, \$6000; two-bed medical and surgical bed room, \$6000; four-bed medical and surgical bedroom, \$15,000; chapel, \$10,000.

In a letter mailed to 150 clubs and organizations, Williams said, "It must be of vital importance to residents of central Contra Costa county, and particularly to members of organized groups concerned with community well-being that John Muir Memorial Hospital's \$750,000 building fund campaign succeed."

"It is shocking to realize that we have only 206 (hospital) beds . . . to serve a rapidly growing population of 180,000—little more than one bed for each 1000 residents."

"Your organization can play a major role in this humanitarian undertaking by endorsing and sponsoring the hospital as a major activity for group action in the months ahead."

He is United Crusade allocations chairman for this county, and a representative on United Bay Area Crusade. He is chaplain of the Elks Club in Walnut Creek, past president of the Walnut Creek Kiwanis Club, a former director of the Walnut Creek Chamber of Commerce, and past president of the Contra Costa Insurance Agents' Association.

LEGAL NOTICE

NOTICE OF HEARING ON PROPOSED SUBDIVISION. YOU ARE HEREBY NOTIFIED, that on TUESDAY NIGHT, August 25, 1959, at 8:00 P.M. in ROOM 210, HALL OF RECORDS BUILDING, MAIN AND COURT STREETS, MARTINEZ, CALIFORNIA, THE CONTRA COSTA COUNTY PLANNING COMMISSION will consider the application of Utah Construction Co. for a proposed Subdivision Tract 2749 (10 lots). Exception request: To have 10 lots with 10,000 sq. ft. min. lot size, 10 and 10 ft. sideyards and 20 ft. setbacks as provided under the Zoning Ordinance of the COUNTY OF CONTRA COSTA, as amended.

The property above referred to is described as follows, to-wit: Bounded on the west by Utah Construction Co., south by Roush, east by Rogers and Pimentel (South of Larch Ave., 500 ft. east of intersection of Canyon Rd. and Larch Ave.)

J. P. CONNORS, Chairman of Contra Costa County Planning Commission.

O 1082—Orinda Sun 8-14-59.

LOOKING SORT of bewildered by it all, Bo Jones (right) sits atop the paper-laden trailer which sank about a foot into the driveway at his parents' home, 4050 Marianne Drive, when the rains came early last Saturday. Quentin Young (left) and Monty Woolf are two of Bo's friends who helped clean up the driveway after the minor catastrophe. Other helpers who are not shown are Mark Bauhofer and David Apostolo. At midweek, the sunken trailer, owned by the Pioneer Salvage Co. in Oakland, was still imbedded in the Jones blacktop.

County Drops Plans for Improving St. Mary's Rd.

The county's plans for reconstruction and widening of St. Mary's Road, between Moraga Road and Glenside Drive, have been dropped in the face of "violent public opposition."

Supervisor Mel Nielsen reported yesterday that the decision was reached as the result of a heated public hearing last week which was attended by about 50 residents of the immediate St. Mary's Road area, who "made up their minds that they didn't want the road widened and they were there to tell us about it."

OTHER PUBLIC officials who attended the hearing were Bob Latchaw, chief of the design section of the County Public Works Department, and Marvin Wolf of the same office.

Nielsen said the county will proceed to pave and maintain the thoroughfare, but there will be no widening or reconstruction, and the proposed reconstruction of the Glenside Drive-St. Mary's Road intersection will not be accomplished.

"We will use the money for other projects in the area," he added.

THE COUNTY had planned, since 1957, to spend about \$120,000 in widening the one-mile stretch from 22 feet to 40 feet, and the project was almost prepared to go to bid late last month, when major right-of-way problems presented themselves.

At that time, the county called a temporary delay on the proposal, and Nielsen scheduled the public hearing.

Principal point of difference was the opposition of residents in the easternmost section of the area under consideration to the discarding of extensive private improvements—mostly walnut trees and shrubbery—which had been planted within the county's right-of-way.

ALTHOUGH THE county at present is using only about 30 feet of its right-of-way, Latchaw said, 60 feet along St. Mary's Road has been deeded to the county.

The design section chief, in commenting on the public hearing, said, "Those people had no grounds for argument. They were so emotionally distraught that they were not receptive to what we were trying to explain."

MOST OF the oral opposition came from a group of about four residents, including Mrs. Howard M. Smitten, 3387 St. Mary's Road, widow of the community leader.

HE CHARGED that the residents are "wrong in assuming that the extra right-of-way belongs to them. Anything planted along the county right-of-way is planted on sufferance, or with consent implied by a lack of interference."

Latchaw stated, "The project is needed for the area's development," and the county could begin work regardless of public opinion, but the feeling in the area is so high it would be wrong to go ahead.

Baking "cookies" for better roads

"Cookies" of asphalt paving are baked and frozen in our laboratories, so we can measure how highways wear in all types of weather.

The man is William H. Ellis, one of Standard's scientists who conduct many such tests to improve highway materials and construction methods. We actually build roads, subject them to crushing pressure, try out many paving mixes, work closely with highway engineers.

Our work benefits you both as a motorist and a taxpayer. Asphalt costs less than any other pavement . . . three miles of highway for the cost of two. You also get roads that resist skids, cut down glare,

make lane markers easier to see . . . roads which are smooth, quiet and comfortable.

Asphalt roads are ready for use within hours after laying . . . cost less to maintain and can be even stronger and better after years of service.

By such continuing research that brings you better products at lower cost, the people at Standard are planning ahead to serve you better.

Standard's asphalt products are made and sold by American Bitumuls & Asphalt Company, a wholly-owned subsidiary.

Chips Down, Cards Dealt... Action Is Up to Grand Jury

The chips are down, so to speak. The Contra Costa Grand Jury has said that it will not hold any more hearings on the vice and gambling situation in the county. However, the group will meet to deliberate on the testimony that has been given.

It is now up to the grand jury to take whatever action is warranted—aided, of course, by District Attorney John Nejedly.

There is no point in just sitting back and letting the whole matter drop with the comment that so much good has been done by merely conducting the investigation that no further action is necessary.

It is obvious, however, that much good has already come from this investigation, or study—whichever you want to call it. Witness the recent reorganization of the Sheriff's office.

At the very least it has required Sheriff Young to take a closer look at his department, and the outcome can only benefit the people. It is much better to have this affair out in the open, rather than to have it hushed up and settled "buddy-buddy" fashion behind closed doors.

We can't just assume that all the odds and ends will be "cleaned up," however. **THERE HAS BEEN** so much publicity given to this investigation that the taxpayers of the county, who pay the bills, after all, have a definite interest in what is happening.

The public has every right to know the facts and the full story behind the scenes. Now, the grand jury, in this case, is acting as a fact finding organization. All hearings are secret, and this is as it should be. It prevents innocent people from being damaged by faulty or mis-

taken testimony. It protects the innocent. It is obvious that the grand jury will have to prepare a report when deliberations are concluded and release this report to the people. It will be up to the grand jury to take action.

WHEN WE SAY take action, we do not necessarily mean that indictments must be forthcoming. The public is not howling for any blood, or for heads to roll, but merely for definite positive action where it is needed.

If someone needs his wrist slapped, then it should be done—and it should be done so that the people who are paying the bills know that it has happened.

The grand jury has tremendous power and the ability to use this power. It may, but does not have to, act upon the recommendation of the district attorney.

There has been a sort of Alphonse-Gaston relationship between the grand jury and the district attorney with each handing the other the ball, and we hope that they work this out and come to a meeting of the minds.

The grand jury has stated that it is waiting for the recommendations of the district attorney.

BUT THE DISTRICT attorney has said that the grand jury will be fully informed as to the facts of the case, but that he is "certainly not going to tell the grand jury what to do."

Now it is wise for the grand jury to wait for the district attorney's recommendations and to rely upon his guidance. After all, he is a trained man.

But the ultimate decision must be the grand jury's. It can either follow or disregard the suggestions of the district attorney.

The chips are down. The cards have been dealt, and it is up to the grand jury to act.

Leave 'Em Alone, Kids!

The castor bean plant certainly looks innocuous enough.

In fact, it has proved an ornamental boon to many a California gardener with its lovely spreading green leaves and its short but sturdy branches.

And everybody knows that the castor bean is the source for castor oil, a substance generally disliked by children.

But the plant can be deadly, and it is highly recommended that other forms of ornamental shrubbery be found for the garden.

An Oakland youngster was barely saved from death recently after munching on a castor bean. His playmates were also rescued, although they were never in as much danger as was the one youngster.

THE MAIN PROBLEM here is that castor plants abound in our area. They are hardy, and grow without care. They may be purchased at any nursery. In one area of Pleasant Hill a drive was conducted some time ago to rid the homes, gardens and lots of these plants, but they are again flourishing. In the interim, the residents have either forgotten the dangerous qualities of the plants, or other residents, who are unaware of the problem, have moved in.

The plant can be recognized by its

tropical appearance and its wide serrated leaves. It will grow 8 or 9 feet tall, and will soon fill the area in which it grows with other castor plants.

It would be wise to visit your local nurseryman and become familiar with the looks of the plant. Then warn your children of the dangerous properties.

If a child chews up and swallows even one bean, it can be fatal. The leaves and stems are also toxic, although to a lesser degree than the beans.

YOU MIGHT POLL your neighborhood to check on the location of any of these plants, and if the owners do not wish to remove them, then warn the children in the area of the dangers. Perhaps reminding them that the beans are the source of castor oil will discourage them from nibbling.

Cases of poisoning of children from castor beans are not uncommon, although fortunately, most youngsters seem to be aware that they should leave the plants and beans alone.

The old saying concerning the ounce of prevention and the pound of cure certainly seems applicable in this instance.

Why not avert a possible tragedy in your home or neighborhood by applying that ounce of prevention now?

Poisoning is not a pleasant thing.

The Staff Corner

OK, Who's on the Take?

By BOB RAPIDA

Whenever grand juries start to investigate law enforcement agencies a serious problem often arises.

This problem not only affects the public, but also the law enforcement officer in the daily carrying out of his appointed duties.

THE PROBLEM IS DOUBT. Doubt in the integrity of peace officers; doubt in the officer on the beat and his superiors.

There are a good many acts which are often forgotten by the public when it comes to the individual police officers.

It is easy to brand all officers and all enforcement agencies into a category, but difficult to point to the individuals who have served the community, its taxpayers and their department to the utmost.

Sure a cop is paid to protect the public. He knows before he ever joins a department that his working hours are lousy; working conditions are not the best; the pay in some areas is lower than common labor and it's a long uphill pull before any supervisory position may be expected or an "eight hour day" job.

THESE ARE ALL things the officer knows before he goes on the force, but he doesn't know too much about public opinion; very little of politics and even less of grand juries.

Yet, the normal police officer goes about his duties regardless of pressures and public opinion of which he has learned a great deal within his first year.

For instance allow me to cite just two examples of dedicated law enforcement officers.

One is Lieutenant Frank Thompson of the Walnut Creek Police Department. Frank was sent a letter. The letter contained \$50 in cash. The letter had been

sent to his house and no one would have known he had been sent \$50 for testifying in a civil case.

THIS \$50 WAS NOT a bribe. It could have been his by law, but there is a departmental regulation forbidding the retaining of fees. Frank turned the money over to the department and it was returned. He, however, is not the only one who has done this.

I learned of it accidentally, it is not a matter of record.

Several law enforcement agencies tried to close down the Rhynes gang. For several years and under several administrations this outfit carried out its nefarious trade in gambling, prostitution and abortion in this county.

ONE OFFICER, in 86 hours, had the necessary evidence to send the ring leader to state prison. This same officer, Walter Trawick, has only appeared in Superior Court once during his 14 years as a Sheriff's Deputy. He has helped to send over 100 persons to prison on guilty pleas.

These two cases help point out the work done by Sheriff's Detective Dave Gardella in rounding up 13 men and solving 68 burglaries, of the untold hours spent by police officers, highway patrolmen and sheriff's deputies on their own time working for the public.

The grand jury investigation isn't over yet.

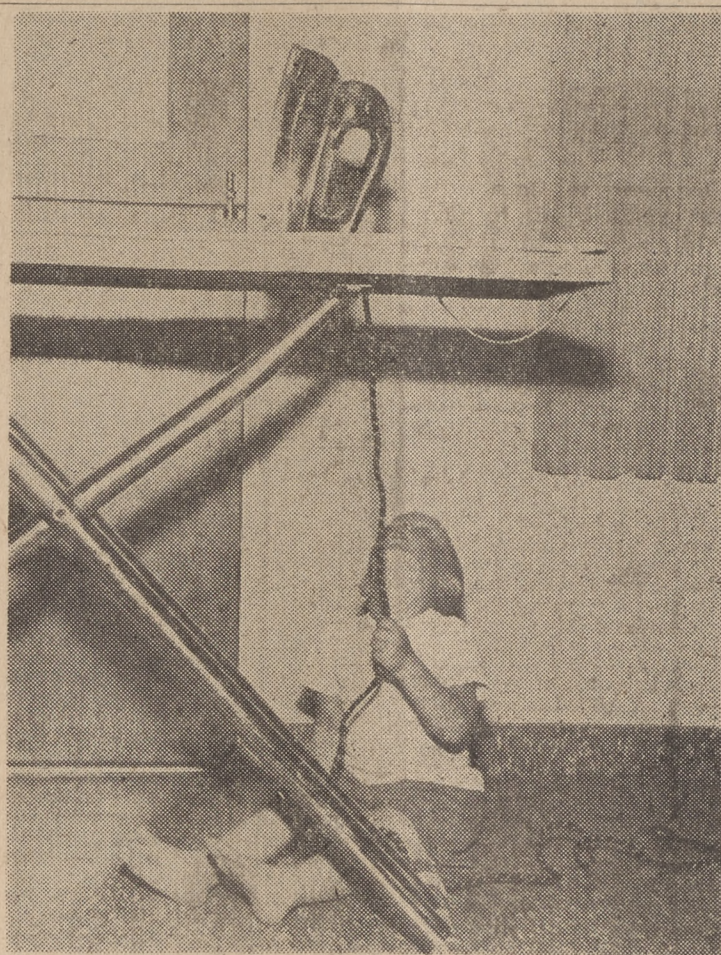

Still, before the investigation, during the investigation and long after it is forgotten, we have these same dedicated, law enforcement officers protecting us and the community in which we live.

THE DOUBT in the public's mind at the present time is whether sheriff's deputies were involved in pay-offs and were "on the take." If the DA has proof—he should indict NOW! And send them to prison.

Heart Association Names Directors, Reveals Budget

Achievements for 1958-59 were given by committee members at Children's Hospital of the East the summer quarterly meeting of the Contra Costa County Heart Association directors. A budget for fiscal year 1959-60 was adopted.

High praise was given to the volunteer committee, headed by Mrs. Robert Clough, Walnut Creek.

"The administrative volunteers who serve on a year-round basis are the mainstay of the organization—without them we would never have the remarkable period of growth we have enjoyed," William C. McIntosh, president said.

HE REFERRED to the work of 10 women whose total volunteer time during the year added up to 8,800 hours. "This is the equivalent of four paid staff people," McIntosh said. "On a conservative basis, this service is worth in the neighborhood of \$15,000 a year."

The administrative volunteers take responsibility for the accounting and bookkeeping duties, the budget control records, mailings of professional literature, posting of memorial gifts, and mailings of public and professional educational material also.

In addition, this group of women, with additional help from campaign volunteers, make advance preparation for the annual Heart Fund drive and direct and assist leaders in local areas throughout the county during the drive.

The volunteers contributing the greatest number of hours include Mesdames Robert Clough, A. A. Franklin, W. F. Marschner, Douglas Matthey and Henley Worthington, Walnut Creek; John Holm, Oakland; Charles Sayers, Alamo; Ernest A. Heckler, Lafayette; Mrs. Francis Neff and Marion Neff, Orinda.

"BECAUSE OF this valuable assistance on the part of our dedicated volunteers, we have been able to expand our program and services with a staff which includes only a director and her secretary," McIntosh said.

"This makes it possible for the Heart Association to increase its budget for local research in the coming year," he added.

The board voted a 36 per cent increase in the local research program of \$5500 to \$7500 for the fiscal year starting in July.

The local research is an optional program with Heart Association chapters since research contributions for the chapter budget are also made to the state and national organizations.

LOCAL SCIENTISTS supported by these means are at work on heart projects in laboratories at the University of California, Stanford University, Mt. Zion Hospital, in San Francisco, Fair-

mont Hospital, Oakland, and Children's Hospital of the East Bay.

The total budget adopted by the Board for fiscal year 1959-60 was \$33,649, for the programs of the County Heart Association. Total income for the past year was \$56,310.

Of this amount, 25 per cent is paid to the American Heart Association and 10 per cent to the California Heart Association for national and state programs and research.

Budget for the past fiscal year was \$31,703 for the Contra Costa County chapter. Expenditures included: \$3685.49 for professional education; \$7,390.87 for public education; \$8,074 for community services; \$5,500 for local research; and \$7,052.47 for administration and fund-raising.

A FURTHER breakdown of fund raising costs reveals that funds were raised at a cost of 8.7 per cent of total income. McIntosh pointed out that this low figure for fund raising was made possible because of the work of administrative volunteers who assume much of the work load.

Reports of programs were given by Dr. Marvin A. Epstein, Walnut Creek, rehabilitation committee; Dr. Harold Robinson, Walnut Creek, special diets; Dr. Charles Hart, Walnut Creek, professional services; Dr. Irving Fine, Pleasant Hill, rheumatic fever; Chester Bekins, Walnut Creek, Heart Fund; Mrs. Robert Clough, Walnut Creek, volunteer; Mrs. W. F. Marschner, finance; and Mrs. Harold Powell, Lafayette, public information.

Other board members present were: Mrs. Harry Freed, Pittsburg; Mrs. John Schreuder and Dr. Louie Girtman, Martinez; Keith Taylor, Berkeley; Dr. James F. Embick, Richmond; Robert Bartlett, Dr. Frederick Pelegrin, Douglas Cowan, Dr. Howard Flanders and Mrs. Henley Worthington, Walnut Creek; and Mrs. Jesse Schwarck, Orinda.

AAUW Will Hold Three 'Coffees'

The Orinda Branch of the American Association of University Women is planning a series of three "coffees" for prospective members.

These affairs will give interested women a chance to hear about the program of sections carried on by the branch.

AN EVENING "coffee" will be held on Tuesday, August 25 at the home of Mrs. Orval Grigsby, 82 Scenic, and another on Thursday, September 24, at the home of Mrs. John Goldeen, 525 Moraga Way.

A morning affair will be held on Wednesday, September 16 at the home of Mrs. David Inge, 54 Sleepy Hollow Lane.

ANY WOMAN living in the area who has either a BA or BS degree from an institution approved by the American Association of University Women is eligible for membership. For additional information please contact Mrs. Goldeen (Drake 6-5572) or Mrs. Orval Grigsby, Mrs. Ellsworth Meter, Mrs. A. Parker Stack, Mrs. David Solberg, Mrs. Rudolfo Jacuzzi, or Mrs. David Inge.

JEROME R. WALDIE

Letters to Editor

THANKS
Dear Editor:
I want to express my sincere appreciation to you and The Sun for the excellent coverage that you have given the activities of the 1959 session of the state legislature.

I have thought that your editorial comments on the activities of this legislature have been fair even though at times I disagreed with the opinions you expressed.

JEROME R. WALDIE

Letters to The Editor

FLOOD CONTROL

Dear Editor:

I welcome the reply by Richard J. Mitchell to my letter on the proposed \$24,000,000 Corps of Engineers flood control project for Walnut Creek. There are several important points brought out by his letter that bear consideration by every taxpayer and every voter.

First, let me clarify one of his objections. If a bond issue does not pass it appears to me to be obvious that it is rejected. The fact that the law requires (wisely) and we shall not dwell on the reasons) a two-thirds majority and the actual vote showed a simple majority does not change the fact—that the bond issue was rejected. Therefore I believe my statement was correct.

MR. MITCHELL'S last challenge to come up with a workable plan to raise the local money from the properties that will be most benefited financially is an easy challenge—and one which I can not answer simply. However, it is a point that should be considered and discussed thoroughly.

Property tax assessments originally were a fair method of accomplishing jointly things that could not be accomplished individually—and which provided general benefit. For example, the bonds of the sanitary district did general good—and no limited number of pieces of property suddenly became 2, 3 or more times more valuable as a result of the sewer bonds. Assessment districts for the local sewer facilities serve the same purpose.

But when we talk flood control bonds we are talking something completely different. Much flood land in this county has been developed for residential tracts because of poor county control over subdivisions.

Flood land appealed to subdividers because it was cheap and people who purchased "top value" homes on lowlands near creeks should have been aware of the fact that creeks do flood. I happen to live on a creek—I know it's there and I know that someday it might flood. But I knew that when I bought the land.

As the nature of governmental expenditures for "improvements" changes we must find new methods of obtaining the funds. More of it should come from the specific recipients of the benefits of the expenditure when the relative benefits vary as greatly as they do in flood control.

As to the argument that if we don't get the money L.A. or Alameda or Mississippi will, I can assure you that with such thinking everyone will get the money—that famous free money from Washington—and then will wonder why in the greatest prosperity of our history we can't have enough of a budget surplus to cut either taxes or debt.

ROBERT KAHN
P.S. I don't know who the primary leader of opposition to flood controls was—but I thought I led quite a bit and I was opposed because of the high cost and 100 year protection concept—not because the Corps of Engineers might spend twice as much.

Under The Sun Political Pressure Should Not Stop Gambling Expose

By HERMAN SILVERMAN

There is no question in my mind that pressure is being exerted to hinder or stop the current investigation of the county's gambling and vice.

We first suspected this about a week ago. This week it becomes even more apparent that efforts were made to end the investigation.

Some of the reasons for pressure are not what you would think. Some of the pressure has come from "responsible county officials" who believe the expose is hurting the reputation of the county—so, "Let's stop it." These people are acting in good faith. They do not want to see the county "smeared."

Whether or not they are acting in good faith is not important. They are certainly ill advised. Good government and good law enforcement cannot be attained by hiding our heads in the sand. If there is a problem to be cleaned up, it should be aired—and the county will benefit.

Spotlight is on the county

To attempt to put a lid on the investigation is sheer stupidity. The spotlight has been put on the county's vice and lack of law enforcement. For weeks newspapers have reported grand jury sessions, mystery witnesses, statements by the district attorney and sheriff. Specific instances have been revealed.

Sheriff Walter Young has admitted that "the level of law enforcement which I demand has not been provided." He says because of an "administrative mix up" he personally was not aware of the D.A.'s communications about gambling. (Actually, he did know). He has announced a complete shake up of his department.

Meanwhile, the sheriff and his men have been quizzed for hours by the county grand jury and Clarence Linn, assistant attorney general of California. Linn has publicly stated he is studying contributions to Young's campaign funds—both before and after the election.

The prosecution rests?

Last week District Attorney John Nejedly announced he had finished his presentation to the grand jury—and that it was entirely up to the jurors to determine what action would be forthcoming.

Then, Jury Foreman John Dunlap announced the jury was awaiting guidance and instruction from Nejedly. Each seem to be waiting for the other, to lead the way. (See editorial on this page). It is now being debated whether or not the grand jury announced that no more "hearings" would be held.

And last weekend Nejedly began a week's vacation trip into the High Sierra.

Yes, sir, the investigation looked all wrapped up, with only the grand jury to be heard from.

The picture changes

Then, a bombshell exploded last Tuesday: The California Attorney General's office "is exploring further the same incidents of vice and gambling we have brought earlier to the jury's attention. The investigation is not concluded," declared Asst. Attorney General Linn.

Linn reportedly is centering his investigation on the sheriff's office. Monday he again questioned Sheriff Young and Undersheriff Harry Ramsay. He said he hoped to hear additional testimony before the grand jury next Tuesday. (See page 1).

Meanwhile, three state investigators are continuing to work on the case. Remember—Linn and these investigators have been working in the county for at least five weeks.

What do you think now?

Does the investigation look like a "tempest in a teapot?" Some observers and public officials have attempted to belittle the situation. It should certainly be clear there is a problem in Contra Costa County and it should be cleaned up.

There was gambling by professional gamblers. There was prostitution. There was gambling and a girlee show at a smoker, arranged for by Ray Van Tassel, campaign manager for Sheriff Young. Since the campaign, Van Tassel has been raising funds to pay off Young's campaign deficit. Three sheriff's deputies, while off duty, parked cars at this smoker. A constable was "ticket taker" at the smoker.

None of the three deputies nor the Port Chicago Constable Manuel Nunes has appeared before the grand jury.

There was a break down of law enforcement by the sheriff's department—by Young's own statement.

Let's get back to pressure—pressure to hinder or stop the investigation. The pressure could not have come from only people who didn't want the county's good reputation smeared. There must be other reasons.

Pressure on Nejedly

Some observers now conclude that pressure was put on Nejedly. They suggest something like this: "The sheriff will admit that his office was notified by you (Nejedly) of gambling incidents. The sheriff will reorganize his department. You will have achieved better law enforcement. But why go further? No scapegoat is needed. The headlines are hurting the county. You have done good work. Now—let the matter drop. Let the grand jury do what it wishes and let it go at that."

I don't know if this is true or not. Nejedly is a very independent guy. I don't think he could be easily coerced. But he is smart enough to know that he must get along with other county officials. Perhaps there are other reasons. We will ask him when he returns from vacation next week.

Incidentally, a lot of people are asking why the district attorney took off while things are so hot.

I believe Nejedly's trip with the Sierra Club had been planned for some time. And he announced, "This is it as far as we are concerned."

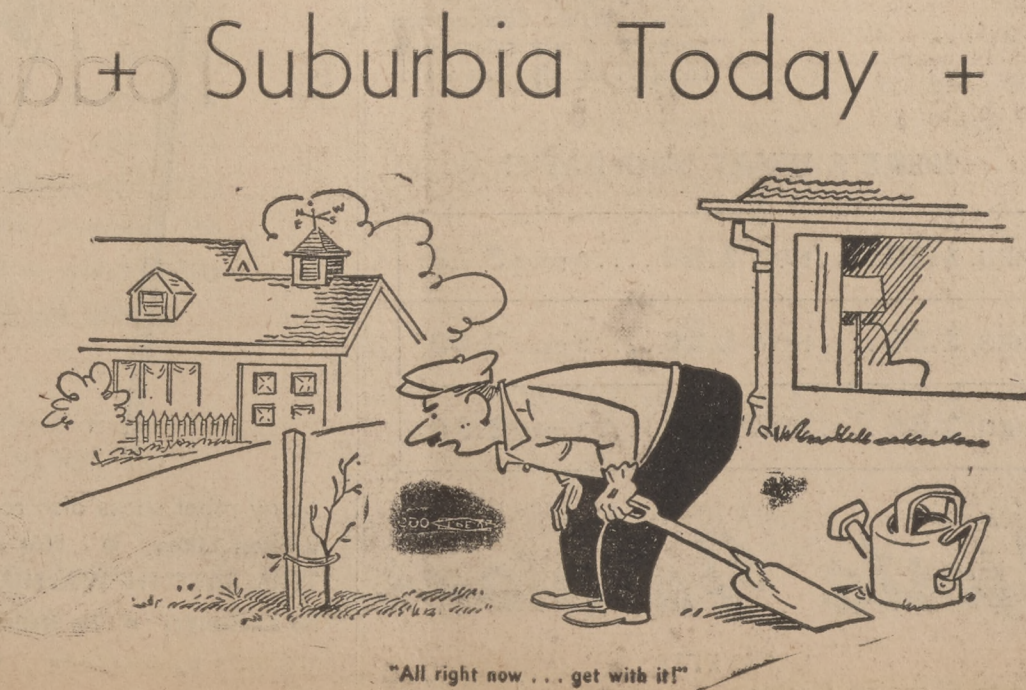

What about this:

On the other hand, what is being done about taking the "mystery witnesses" into court to force them to testify. Refusing to testify to the grand jury were Lucille "French Peggy" Peterson, who has a list of aliases and of arrests for prostitution, and Marvin Timberlake, a gambler who was questioned about alleged gambling at Molino's Midway Club outside of Concord.

Last week Nejedly said he intended to take the matter to superior court "as soon as we get to it." This testimony is obviously relevant and important. Doesn't the grand jury need this information before concluding its hearings?

I just talked to two of our Sun editors. They point out there are many, many, many questions that need answering. I agree.

You and I as citizens have every right to demand—and expect—that all questions be answered and the facts be revealed to the public. Let the chips fall where they may.

On The Lighter Side

By CAROL HODGES

We are beginning to "slide" down the other side of the calendar now, and with friends and neighbors coming back from vacations the old social whirl is beginning to take form.

The Walnut Branch of Children's Hospital has issued invitations to a dinner dance which will be held in the near future at the beautiful Walnut Bowl in Walnut Creek. The bowling alleys will be closed for a period of two weeks and the party will be held during that time in order to have the exclusive use of the premises for the evening. Having completed all of the arrangements for the affair Mrs. Robert Preece of Lafayette, committee chairman, is now vacationing in Wyoming.

The Robin Unit of the Mt. Diablo Therapy Center has a GAY evening planned in early September at the Concord Elks Lodge with cocktails at 7:30, dinner at 8:30 and dancing 'til . . . ?

This one will be different than the usual in that it will be modeled after an European evening. Austrian to be exact, with Dirndls, Lederhosen, Tyrolean Band, Austrian food and "Viennese Hoop-la"! Sound like fun?

The Lafayette Larks are holding a luncheon and fashion show at the Lake Merritt Hotel in Oakland, with fashions by William Silva and furs by William Pinkus. By the way, the Larks have a promising new project under way—Paragon Candles—and will be presented in the fall.

Start Christmas planning right now . . .

The Flamingo Unit also has a new item which will soon be available—Mt. Diablo Therapy Center Christmas Cards—beautifully designed by one of our talented local artists.

There will be no imagination needed when members, husbands and guests of the Lombardy Branch of Children's Hospital step into the glamorous "Arabian Nights" at the Orinda Country Club September 19. Dinner will consist of barbecued steaks with all the trimmings with perhaps a little bit of "Persia" mixed in, and a truly Turkish delight, baklava, an exotic and DELICIOUS dessert.

Poolside dancing will be to the "fascinating rhythm" of Dick Dildine and his orchestra and a large Valentino type tent staked to the lawn will add to the romantic atmosphere. Alluring harem type head pieces will be worn by those of the weaker sex, and fezzes and turbans by the other—if they will!

Bringing the Far East to our western suburb is the imaginative committee headed by Mmes. Edward Law, Jr., assisted by Gerald Aves, Mark Snover, Wayne Bentley, Ronald Kersh, Robert Field and William McGuire. Tickets are available through Mrs. Milo Spach, CLifford 4-2482 or Mrs. Leon Paul, CLifford 4-2634.

An item of interest to bridge enthusiasts . . . Beginning, intermediate and advanced classes—the point-count bidding system—will start September 14 at the Orinda Community Church conducted by Mrs. G. William Files. Ten lessons, ten dollars. Contact Jane Peck, CLifford 4-3820, or Peg Young, CLifford 4-3507, for further information.

The Happy Time is happy time indeed

If you are looking for a THOROUGHLY enjoyable evening, don't miss the Dramateurs' presentation of "The Happy Time," a comedy of love by Samuel Taylor at the Lafayette Town Hall directed by Carl Rasmussen.

The home and gardens of the Robert Kuhns were the setting for a gathering of Phi Mu Alumnae and husbands for an annual get-together. Arrows were flying high during the early evening as guests took their turn at archery, and horseshoes were tossed expertly AND otherwise. Then there were those who enjoyed the less strenuous game of croquet. After thick barbecued steaks were served, the group played contract bridge which was everyone's game and the shuffling of cards was heard 'til WAY late.

Congratulations are in order to the class of twenty-one who graduated recently from the Samuel Merritt Hospital School of Nursing. The exercises were held at the First Christian Church in Oakland. Muriel Winter, of San Leandro, class president, gave an inspiring "message from the graduates" and believe me, there were no happier faces anywhere than on these girls as they filed out of the church bearing the fruits of three years of REAL hard work and study. Members from this class living in our area are Verna Abbie from Walnut Creek and Joanne Ross Green, Orinda.

Anice honor . . . and a nice trip!

And what an honor for Tannie Hanscom, Jeanette Heiser and Bill Palmer, students of Acalanes High School who have been chosen by the Lafayette Methodist Youth Fellowship to attend the National Convocation at Purdue University in Lafayette, Indiana, for two weeks. Boys and girls from all over the United States will gather to discuss any and all topics that come to mind, attend seminars and no doubt, have a BALL!

The Rei Westlyes of Mountain View, Lafayette, fairly recent residents, have put their charming home up for sale and are moving to Oakland in the near future. Evelyn felt the need for more room with her three GROWING boys and has always longed for a big two story home which they found in the Lakeshore Highland area and her description sounds like the perfect answer to her needs. So sorry to lose this lovely family, but they have promised to keep in touch.

Love one, gain one . . . The Ray Bickerstaffs and family, who

JOINED IN MARRIAGE by Rev. Wilfred Hodgkin August 6 were Alexander Menges of Walnut Creek and the former Virginia Blair of Lafayette. The rites in the St. Paul Episcopal Church were followed by a reception in the church parish hall. The couple left on a honeymoon for the Mendocino County area and will live in Walnut Creek.

—D. Hulan Phillips Photo.

Jean Karen Pramme Weds Mrs. Bolce Is Honored Guest

The Orinda Community Church was the setting for the recent marriage of Jean Karen Pramme and Clarence Craig Bennion. The Reverend Chauncey Blossom officiated at the rites.

Jean is the daughter of Mr. and Mrs. Martin H. Pramme, 3686 Hastings Court, Lafayette, and the bridegroom's parents are the C. R. Bennions of Salt Lake City, Utah.

The bride was given in marriage by her father, and she was attended by her sister, Mrs. W. F. (Nelda) Finney of Sacramento, as matron of honor. Duane Pramme of Lafayette, brother of the bride, served as best man, and the ushers were Larry Trimpey of Lafayette and Byron Tombs of Berkeley.

For the wedding, the bride

wore a ballerina length gown of white tissue taffeta, trimmed with small white bows down the back and with a portrait neckline. She also had a fingertip illusion veil and seed pearl crown, and carried a bouquet of white roses and stephanotis.

Her sister wore a pale yellow gown of printed satin cotton and carried yellow roses.

The bride's mother chose a Dior blue lace sheath dress and pink roses.

Decorations at the church and the reception, which followed at the home of the bride's parents, consisted of white gladioli and spider chrysanthemums.

Allen Grammer of Lafayette was soloist.

Jean, who attended the University of Utah, wore a white wool suit, matching accessories and

Mrs. Bolce Is Honored Guest

Diablo Valley Alumnae of Alpha Xi Delta will hold a luncheon on Monday at 12 p.m. at the home of Mrs. R. E. Melrose, 3392 Las Huertas Road, Lafayette.

Guest of honor will be Mrs. William Bolce who is leaving Lafayette for her new home in Orlando, Fla.

All alumnae and their children are invited to attend.

an orchid corsage for her going-away ensemble.

Following a Lake Tahoe honeymoon trip, the couple will be at home in Salt Lake City, where Clarence will resume his studies at Westminster College.

Jacqueline M. Dashney Takes Vows

In her Swiss embroidered silk organza gown, Jacqueline Mae Dashney of Lafayette said her vows in the Walnut Creek Presbyterian Church, becoming Mrs. Arnold W. Morton, Saturday.

The daughter of Mr. and Mrs. Duncan Dashney of Samoa, she was given away by her father.

Rev. James Upshaw performed the rites.

Her matron of honor was Mrs. Robert Walberg, and attendants were Misses Shirley Schultz and Susan Earlenbaugh.

Mr. Morton, the son of Mr. and Mrs. Abbott Morton of Oberlin, Kansas, was accompanied by his best man, Richard Grant of Alameda, and ushers Richard Trowbridge, Jack Lethco and Bernard Cochran, all lieutenants (junior grade) in the U.S. Navy, and Jack Eline.

Jacqueline, who has been residing at 916 Mt. View Drive, Lafayette, is a graduate of Marshfield High School, Coos Bay, Oregon, and Oregon State College, where she was a member of Pi Beta Phi sorority.

Arnold graduated from Decatur Community High, Oberlin, Kansas, and the University of Nebraska, where he was a member of Phi Gamma Delta.

They will honeymoon at Lake Tahoe, and be at home at the Sequoia Apartments, August 15.

Lt. Ames Will Wed August 30 In Nevada

Lt. William Allen Ames, son of Mr. and Mrs. W. F. Ames Jr., of Walnut Creek, will marry Miss Laurel Wakeman, August 30 in the St. John's in the Wilderness Church, Glenbrook, Nevada.

Laurel is the daughter of Mr. and Mrs. Robert Wakeman of Tahoe Valley and the granddaughter of Mrs. George Vail Steep of Los Angeles.

She also has a younger sister, Jamie Sue and a brother David. Laurel attended the University of Colorado where she was affiliated with Pi Beta Phi sorority.

Lt. Ames, also known as Wink, is the brother of Sidney Allen Ames. Wink is the grandson of Mrs. Frank Payne of San Francisco and the late Mr. and Mrs. Sidney deWitt Allen.

He graduated from the University of California and was affiliated with Alpha Tau Omega fraternity.

The young couple, after a brief honeymoon, will live in Tacoma, Washington where the bridegroom is presently stationed.

AT HOME in Clovis, N. M., are the new Mr. and Mrs. Stephen Locke Sparling (the former Carol Joyce Hodges of Clovis, N. M.), who were married recently at the home of Steve's parents, the Mort Sparlings of Toyon Road, Lafayette. They are shown at the reception August 2 at the Sparling home. Carole and Steve will live in Clovis for a year, while he completes his Air Force enlistment. They then will return to the Bay Area, where Steve will study pharmacy.

Summer Is Bowling, Swimming Fund Raising Time

IT'S FUN TO BOWL, discover ladies of the Walnut Branch Children's Hospital of the East Bay, left to right, Mesdames King Crosno, Alden Mackay, Donald Kientz and James McGwehon. Scene is the Walnut Bowl, South Main Street, where the branch is selling \$7 tickets which entitle a couple to a smorgasbord dinner, two free "lines" and dancing. The funds benefit part-pay Children's Hospital patients from this area. —Sun Photo by Bob Rush.

SUNNING AND PLANNING for their annual barbecue and swim party August 22 are members of the Walnut Creek Junior Women's Club, left to right, Mesdames Leland Johnstone, Floyd Burror and Jack Hohenberger. The event will be in the Burror home, 978 Condit Road, Lafayette. —Sun Photo by Bob Rush.

Clarke Has the Words; Ladies The Fashions

Thomas K. Clarke of Camino Amigo, Danville, owner-manager of Clarke's Country Squire Menswear of Danville Square will be the fashion show commentator for the "third Wednesday of the month" event at the Villa San Ramon, Wednesday at 12 noon.

These luncheons are sponsored each month by the Papaya Branch of Children's Hospital of the East Bay.

Committee for the August affair is headed by Mrs. John May and Mrs. Vern S. Ryan, both Danville, assisted by Mesdames Robert J. Lang of Danville, ticket chairman; James D. Kress of Danville, decorations and posters; Robert E. Olson, Danville, awards (special events); Al Kaplan, San Ramon, wardrobe; Alfred Jones, Alamo, public relations.

Courtesy guest models will be teen-agers who will show "back-to-school" fashions. Miss Roxanne Wiedemann of San Ramon is daughter of Mr. and Mrs. Howard Wiedemann. Her paternal aunt is Mrs. Al Kaplan, a member of the Papaya Branch; and the teen-age daughters of Mr. and Mrs. John May of Dan-

Women's Club Has Swim Party

Scholarships, philanthropy, the library reading room, school kits for Hong Kong, upkeep and repair of the club house and the John Muir Hospital were discussed by the finance committee of the Walnut Creek Women's Club, in preparing the 1959-60 budget.

Each year the club gives financial support to local fund drives, community projects, American Field Service, health associations and the projects of the California Federation of Women's Clubs.

The chairman, Mrs. M. C. Bolender, talked with Mesdames E. Wells Smith, Orin Boslar, Ernest Holman, Edward Bradley, Carol Young the outgoing treasurer, Fred Samm the newly elected treasurer, and Arthur Larson, club president.

Misses Susan and Deedy May will also model.

Papaya Branch members who will model new styles from Jo Ann's, Petticoat Lane, Walnut Creek, are Mesdames John H. Russell, Diablo; Robert J. Wedemeyer, Danville; Arthur William Anderson Jr. and Alfred Jones, both Alamo.

Flower Club Will Meet

The Chrysanthemum Study Club of the East Bay will meet Monday at 8 p.m. in the Pacific Gas & Electric Building, Walnut Creek.

A discussion of disbudding and the annual show October 31 will be held. The public is invited.

Mrs. Carson Is Secretary of Jr. Women

Mrs. Donald Carson of Walnut Creek has been appointed recording secretary of the Mt. Diablo District, California Federation of Women's Clubs, Junior Membership.

District chairmen include Mesdames Robert Riley, Mt. Diablo Juniors, historian; Robert Wise, Walnut Creek Juniors, editor; Grover Fox, Walnut Creek Juniors, press and public relations; James Dyem, Richmond Juniors, "Build a better community"; Lawrence Conant, Stockton Juniors, mental health; Joe McKeen, Brentwood Juniors, youth; Wilber Deits, Pittsburg Juniors, conservation of natural resources.

Mesdames David McGlothlin, Richmond Juniors, education; Richard King, Tracy Juniors, crafts; Milton Taron, Hill and Dale Juniors, ethics; Robert Schanck, Walnut Creek Juniors, art; W. W. Hallmyer, Pleasant Hill Juniors, international affairs and international hostess.

Mesdames Lloyd West, Walnut Creek Juniors, moral and spiritual value; Glenn Gibson, Pittsburg Juniors, Americanism, legislation and resolution and Indian affairs; William Coe, Tracy Juniors, civil defense; Gene Hoff, Mt. Diablo Juniors, Armed Forces and Veterans affairs; Charles Clausen, Walnut Creek Juniors, safety; Raymond Neff, Danville Juniors, gerontology and health; John Taylor, Pleasant Hill Juniors, amenities; Lawrence Masters, Antioch Juniors, conservation.

Mrs. Norman Head of the Antioch Juniors, ways and means chairman, announced the district major ways and means project will be held during the district's second annual conference to be held October 24 in the "Pump Room" in Stockton.

Mrs. Mel Moretti, Stockton Juniors, conference chairman, is busy with plans.

Mrs. Charles Pratt, president, announced that the theme of the conference this year will be "Trade Fair."

EILEEN FEATHER

presents the **ONLY POSITIVE APPROACH TO FIGURE PERFECTION**

YES ☒ NO ☐

Is it really possible for me to lose on my thighs and hips while gaining through the bustline?

YES ☒ NO ☐

Can I actually get rid of all the flabby flesh on my stomach and waistline, even though I have had it for years?

YES ☒ NO ☐

Is there a way for me to tighten and lose all the hanging tissue on my upper arms?

YES ☒ NO ☐

Can I lose excess pounds and inches without having my face and neck look drawn and flabby?

YES ☒ NO ☐

At Eileen Feathers, can I actually reshape and beautify my neckline and facial tissues even though I am past 50?

Miss Eileen Feather

Conscientious Gardener Looks Ahead to Autumn

It's the mark of a good gardener that he is always looking ahead. He knows that spring is too late to plant spring color and plans accordingly. Summer is no time to wonder where warm season bloom is coming from. It's either there or it wasn't planned ahead.

Right now, the conscientious gardener is looking ahead to fall for the possibilities of color which comes in that wonderful season.

HE IS BRINGING chrysanthemums and late dahlias carefully

along, in shades, we hope, which will remind of autumn. He is planting a few giant marigolds for the brilliant splashes of yellow and orange they offer. He is feeding his roses to insure a good fall show and considering new varieties with colors to match the season. And if his garden lacks them, he is shopping nurseries for shrubs and trees that will color up when the first cold nights set in.

Whether he finds these depends largely on what part of California

he lives in. Inland, where a cold snap does wonders to the countryside, he will have little trouble finding what he wants. NEARER THE coast, where there are few cold snaps worth mentioning, his choice is more limited. Even there, however, there are some shrubs and trees to consider.

Sure-fire foliage will come from such trees as the maidenhair, liquidambar, Chinese pistache or Japanese cherry.

Many northern gardeners will know success with the dogwoods and/or the deciduous mollis azaleas, but neither is overly happy in the south. A CHECK with the California Association of Nurserymen indicates that some viburnums color up nicely in certain California areas, but conditions vary so much that it's a good idea to check your nurseryman before planting a viburnum for fall color alone.

Certain Plants Create Cool Illusion

It's wonderful the way certain plants can create an illusion in your summer garden: Because they look cool, they feel cool. And their presence can be very desirable indeed when the mercury goes up.

When you create a refuge from the heat, however, don't buck the odds and try to convert the hottest, driest spot in your garden. Choose instead an area set back from the full blast of the sun and increase its capacity for comfort by planting some cool-looking shrubs.

One of the best shrubs — actually a vine — for creating a cool effect is the lush fatshe-dera, a cross between the big leaf fatsia and ivy. Plant it against a wall and train it to cover so that its deep green, large ivy-like leaves provide a refreshing backdrop to your refuge.

Fatsia itself (aralia if you prefer—one parent from which fatshe-dera derives) will complement its offspring in your cool-look garden. It's bold, deeply lobed leaves are crisp and cool. The mature shrub has a palm-like appearance that can be kept lower by pruning out the top growth.

Plummer Photos Of Dramateurs Are on Display

Have you seen the display of groups during actual production, backstage as well as during the performances?

George Plummer of Berkeley, a physicist whose hobby for the last 20 years has been photography, has a remarkable collection of pictures taken during the Dramateurs' productions since moving into the Town Hall, with "Desk Set."

PLUMMER IS especially interested in working with little theater

YOUR CHANCE to see these pictures can be coupled with a very entertaining evening, watching the Dramateurs' current production, Samuel Taylor's "The Happy Time."

HOWEVER, IF you cannot find time to see these pictures during the run of "The Happy Time," they will still be on display during the Dramateurs' next play, Terrence Rattigan's "The Winslow Boy," which is scheduled to open September 11 and will run for four consecutive weekends.

Tickets and reservations are now available for both plays and they can be had through Peg Stanislawsky, Hinks Book Department, TH 5-1100; Clarence Betz in Orinda, CL 4-4141 and also at Ben's 7 Arts Book Store in Walnut Creek, YE 5-3384.

Sports Award Is TV Highlight

A sportsmanship award will be presented to a deserving team of the Walnut Creek Junior Baseball League Sunday at 5:45 p.m. on television channel 2, KTVU. Joe McElroy will represent the Recreation Department.

The television presentation will be the first announcement of the team by name, he said.

Milt Gamble, master of ceremonies of the show, "The Teen Age Salute," will present the sportsmanship award, sponsored by personnel of the Doggie Diner, Walnut Creek, one of a chain of eating establishments in the Bay Area.

Shop at Home and Save!

GOOD FELLOWSHIP prevailed Saturday night, when members of Contra Costa Pomona Grange 45 were hosts to J. B. Quinn of Fontana, California State Grange overseer, second from right. Left to right are Fred Litke of Concord, Pomona Grange 45 overseer; Francis Cline of Pleasant Hill, Pomona master; Carle Fiedler, Danville Grange master; Quinn and Manuel Trebino of Martinez, district deputy, Contra Costa County.

Residents Help With Musical

Several central county residents assisted with arrangements for the "Stars of Tomorrow" musical review held in the Oakland auditorium theater Tuesday under the sponsorship of the Independent Order of Foresters.

From Walnut Creek were Claude Bobba, Lambert Wieringa, Charles Weden, Clarence Reichold, Mrs. Yolande Burkett, Mr. and Mrs. Don Arquilla and Mr. and Mrs. Louis Benguerel.

From Orinda, Vernon Peterson, Katherine Steele, Merrill Brent and Mr. and Mrs. Leslie Rowe.

From Lafayette, Alfred Cirimele and Jean Maier.

Doyle Named Crusade's Diablo Valley Chairman

Former Assemblyman Donald D. Doyle of Walnut Creek has been appointed Diablo Valley chairman for the 1959 United Crusade Drive by Drummond J. McCunn of Martinez, Central Contra Costa coordinator.

Doyle said, "Since I believe very strongly in the benefits of federated giving for the national and local member agencies serving a wide variety of community needs, I am pleased to assume this responsibility."

"I realize that Diablo Valley's quota is almost 42 per cent of the Central area's goal of \$138,000."

"However, everyone in the Crusade is most hopeful of conducting the most successful drive to date, with more corporations, more businessmen and more individuals supporting our annual drive."

"THEREFORE, with the excellent volunteer team of active and civic minded persons already promising their time and efforts, I know we will make this year's goal."

An insurance broker, Doyle is affiliated with the Lafayette Lions Club, Athenian Nile Club and Athens Athletic Club of Oakland.

He and his wife, Thelma, and two sons, are residents of Walnut Creek.

Diablo Valley goal is \$58,075; Concord \$34,000; Martinez \$26,150; Higher Education \$1,200; County Employees \$11,500; Military \$4,000; Medical Doctors \$3,600; others \$7500; or a total of \$138,000.

Henley V. Worthington of Concord is heading the firm cultivation committee for central Contra Costa.

SERVING with him are Superior judge Wakefield Taylor and Willard Knowles of Martinez; David Crane of Concord; Gordon Moynahan, Paul Tickner and Gene Williams of Walnut Creek.

Eugene Anderson of Alamo will serve as Commerce and Industry chairman. The goal for the division is \$18,000 for the Diablo Valley area.

James Ring, Walnut Creek attorney, will serve as professionals chairman. Bert Leavitt of Lafayette will be public relations chairman.

Other appointments are Verne Odegard, P.G.&E. official, Lafayette; chairman; Robert Corrington, manager Bank of America — Danville branch, Danville chairman; John Lubbers, Bank of America — Pleasant Hill branch, Pleasant Hill chairman.

LONELY SPOT

Ascension Island in the South Atlantic Ocean is only 34 square miles in area and has a permanent population of less than 200.

WORSHIP

Baalbek is an ancient city in Lebanon identified with worship of Baal.

Grange Hears State Leader

J. B. Quinn, overseer of the California State Grange, was guest speaker at the Contra Costa Pomona Grange, Saturday. The meeting, preceded by a pot luck dinner, was held in the Danville Grange Hall, Diablo Road.

Quinn spoke on the benefits both to the consumer, farmer and Grange member by belonging to the Grange. He said that members living in a suburban area should be just as interested in the welfare of the farmer as those who farm.

Plans for conferring the fifth degree at the Clayton Grange Hall September 12 were made. Lola Vierra of Martinez will be in charge of the degree team. The first practice will be September 4 at 8 p.m.

The sixth degree will be given sometime in September by the state in Santa Clara and Sonoma counties. This is in preparation for the visit of the National Grange at Long Beach when the seventh degree will be presented. The dates for the seventh degree will be November 13 and 14.

CANAL SHIP

On August 11, 1890, the USS Palos became the first U.S. Navy ship to transit the Suez Canal.

GREAT LAKES

Evaluations Of School Districts Up

Assessed valuation of the central county's two large school districts has jumped.

Mt. Diablo Unified School District, including Pleasant Hill High School and many Pleasant Hill grade schools has increased in assessed valuation from \$122,558,210 in 1958-59 to \$135,477,340.

Alcalanes High School's increase over the same period has been from \$90,413,500 to \$96,023,203.

THE SMALLER districts have followed the same trend, according to County School Superintendent Floyd Marchus.

Walnut Creek School District's increase is from \$32,622,125 to \$34,610,050; Lafayette District from \$28,292,235 to \$30,264,590; Orinda District from \$26,466,365 to \$27,795,760.

Alamo district, \$6,831,405 to \$7,431,735; Moraga from \$2,786,815 to \$3,105,305; San Ramon, \$2,133,650 to \$2,383,230; Canyon from \$235,960 to \$247,500.

Contra Costa Junior College, representing roughly the entire county, gained just over \$50,000, and the combined high school and elementary districts and the unified each gained about \$25,000,000.

MARCHUS SAID the 1959-60 assessed valuation of the junior college at \$790,822,245. This figure represents the assessed valuation of the county minus a small part of Amador Valley Joint Union High School District of Alameda County that extends into Contra Costa at the southern end of San Ramon Valley.

Totals of the 23 elementary districts and six high school districts were each \$465,324,940. The totals are identical because the elementary districts are components of the high school districts.

The three unified districts accounted for \$325,156,135 of the total assessed valuation.

This year's list of school districts is reduced by one because of the lapse of Briones Valley School, the assessed valuation of which now goes to Martinez. Lone Tree District is in the process of elimination but remains on the books until July 1, 1960.

China Film Is Aug. 27

The League of Women Voters of Concord-Diablo Valley will present the television film, The Face of Red China, at the Walnut Creek Methodist Church on Sunnyvale Avenue, August 27 at 8 p.m.

This film won an "Emmy" award for CBS television for news reporting. Arrangements are being made by Mrs. H. C. Booth, foreign policy chairman for the league.

Big Guns Aren't Big Bore; They Go Like Crazy

Winchester rifles won in raffles are the Sun classified special this week. If you have won a 30-06 during the past month be sure to advertise it in The Sun.

The response hasn't been too gratifying, though. John Tarabula, 2785 Walnut Boulevard, Walnut Creek, sent the only ad we've received so far. Of course he sold it—four power scope, Lyman hinge, and all, but still we don't think we'll be able to run an exclusive column of 30-06's (model 70) for quite some time.

Of course we still advertise other things, too. Don't think that we're forsaking appliances, furniture and automobiles to handle raffle merchandise exclusively.

Same old rate. Fourteen words for a buck sixty. Sun classified runs in the Wednesday Sun Shopping News and the Friday Pleasant Hill Sun, Walnut Creek Sun, Orinda Sun and Lafayette Sun, all for \$1.60.

Next week we'll run a special on 1906 Maxwell's. Get in on the ground floor. A buck sixty for fourteen words a week. Can you beat that?

Eager Beavers' Shop Has Values of Various Kinds

It has been said that if you have something Good Enough, the world will beat a path to your door.

It must be true because a well-worn path is leading to the Eager Beaver Thrift Shop at 3437 Mt. Diablo Boulevard in Lafayette.

PEOPLE WANT bargains these days to bolster up the old budget and they will go out of their way to get them. The Eager Beavers have them—and how.

You would never believe that so many better buys could be tucked away in one little store but they are there.

We are bulging at the seams and more new merchandise is coming in every week. More customers too and they are finding out that a thrift shop can be attractive and the merchandise clean and shining.

A REALLY nice place to shop where the prices are still at the bargain level.

We cater to the whole family and the home, as well as collectors of various items. Have some wonderful wools for rug makers.

Our up-to-date lending library is most popular. Have you read Dr. Zhivago, the Nobel prize winner? Or All About Men? (Not so noble but lots of fun reading).

IF YOU haven't been in yet, make a memo to follow the beaten path on Mt. Diablo Boulevard to 3437, The Eager Beavers' Shoppe and take a look around.

If your need is not in stock, we give the personal service of taking your name, address and phone number and will notify you when it does.

Doctor Will Lead Cancer Education

A county pathologist, Dr. J. S. Cheredes, has been appointed Education Committee chairman for the county branch of the American Cancer Society.

Dr. Cheredes will conduct a county-wide, year-round educational effort among doctors, laymen and students to reduce the toll of cancer through regular examination and early diagnosis.

The new education chairman has been a clinical instructor in pathology at Stanford University since 1957, is a diplomat of the American Board of Pathology, a member of the College of American Pathologists, a member of the Alameda-Contra Costa Medical Association, the California and the American Medical Associations.

Dr. Cheredes is a pathologist for the Pittsburg Community, Antioch Community and Martinez Community Hospitals. He lives with his wife at 4121 South Cas-tro in Martinez.

'The Happy Time' Opens With Skillful Success

By LARRY GLAZIER

Tres bien! That sums up the Dramateurs' current offering, their production of Samuel Taylor's comedy, "The Happy Time," a witty tale of love and life in Ottawa's French settlement, which opened at the Lafayette Town Hall last weekend.

THE LOCAL group does sincere justice to Taylor's play, from the time the curtain rises on a 6 a.m. father-son musical duet, through the intricate weaving of three separate love affairs and to the inevitable happy ending.

Although the play itself is de-

lightfully funny and the entire production is handled in a manner which leaves nothing to be desired, there is one item which deserves special mention.

That is the portrayal of the central figure—Bibi, the pre-teenaged picture of naivete—by Tony Woolf, a young Lafayette boy in his first stage performance with the Dramateurs.

TONY'S UNCANNY histrionics talents and his ability to consistently use the proper expressions and mannerisms make him one of the brighter young lights in the area, and, to remain with "The

Happy Time," have the effect of bringing the audience right into the action.

"The Happy Time" is concerned with the efforts of Bibi's Mama (Rosemary McGough), a Scotch Presbyterian lass who has married into the French-Canadian Bonnard family, to keep the young boy clear of the influences of his two uncles and grandfather.

Bibi's father, Papa (Alan Alexson), is the leader of a vaudeville band, and seems to be the only stable member of the Bonnard clan, which includes Uncle Des-

cast as a Lothario; Uncle Louis (Dominic Scott), the eldest brother who has relinquished steady employment in favor of a wine bottle; and Grandpere (Phillip Stearns), who moves into Bibi's household and proceeds to become entangled in his own "affair d'amour."

STANDOUT performances are rendered by all of the Bonnards, as well as by the remainder of the cast, which includes Aunt Felice (Ethel Appel), Mignonette (Bert Miller), Sally, the young girl (Kitty Winkworth), Alired (Michael Spencer) and John Veltri and Dan Green.

Much of the credit for the success of the performance must go to the director, Carl Rasmussen, and his assistants, Katie Genesey, Pete Morrissey, Wilfred Scott, Michael Spencer and Bruce Winkworth.

Through Rasmussen's direction, the settings and stage action in the arena-style performance are excellent, and there isn't a single dull moment.

HIGHLIGHT OF the play, performance-wise, at least, comes in the second act, when young Woolf, the hilarious Scott and Spencer combine in the very funny scene which finds Alfred arriving at the Bonnard home to ask Uncle Louis for the hand of his daughter in marriage.

In a performance as skillful as the current one, it is difficult to

single out individuals, either on stage or off, for the success is dependent upon teamwork.

But it would be well to indicate the superb stage roles of Mama and Papa, in addition to Bibi, and the excellent sound effects handled by Robert O'Connor and Louise Mangini.

THERE'S STILL time to enter the home of the Bonnards for a wonderfully entertaining evening, because the play will be presented tonight and tomorrow night, as well as August 21, 22, 28 and 29. Curtain time at Town Hall is 8:30 p.m.

Day Camp to Feature Movies

Summer day camp, sponsored by the County Crippled Children's Society, Inc., will be held Monday through Friday, next week and the following week at the Walnut Creek city park.

Next week's schedule will include movies, crafts, music, nature study and games on Monday; Cowboy and Cowgirl Day, movies, crafts, music on Tuesday; Temple the Magician on Wednesday.

Scotty Russell Talks Golf

Carroll's Features Nine Hole Kids' Tournament

By NEIL N. RUSSELL
P.G.A. Instructor

I learned the other day that a junior golf tournament was being held at Carroll's nine hole pitch and putt course near the Rheem center.

This is good news for the small fry in golf. I personally like to hear that someone, somewhere makes it possible for the kids to enjoy this wonderful game. These results represent the quarter finals of the junior club championship.

BUZZ GLOSKY, def. Richard Spitz, 1 up. Gary Griffith def. Don Franklin, 3 up. Gene Knoph def. Don Phillip, 1 up, and Marty Legant, won by default.

The semi-finals will be tomorrow, 9 a.m.

Parents, here is a fine way to get your youngsters started in golf, no sport just like it, and how it keeps them off the streets. I want to start a children's class as soon as school starts every Saturday, the fees will be nominal. You can register with me now, and I can arrange the classes so that all will receive a thorough grounding in their golfing habits. Call me at AT 3-2223.

To date, I do not know of a beginners manual. I feel that somewhere, and with great care, a manual for beginners could be set up, so that they would be able to start their fundamental knowledge, strictly on the written word, and backed by authentic body movements so clearly explained, that without the aid of a golf professional at home anyone could follow the instruction vividly, and soundly.

However, we must start somewhere and with some facts, for there is only one right way to meet the golfing problems.

BEGIN WITH the simple turn of your body to the right, then try reversing this simple body turn to the left. In the beginning refrain from swinging your arms in either direction; learn that your body is the entire upper part of you from the waist belt.

Perform this turning for several times until you feel this simple turning exercise. Then add your arms. In so doing, be most careful to permit the arms to go with your shoulders, all in one movement; try not to start the arms first, or the body first, rather, for the time being, forget you have arms or hands, turn the whole structure in one piece until the arms have reached a height where comfort is felt.

Here it is another way. When you learn to turn the body both right and left allowing the arms to follow the shoulders round, you ought to learn quickly, that this body movement will someday become your greatest asset.

DO NOT TRY to do anything more for the time being. Believe me, this simple calisthenic must have your close observation, and you must think every phase of this wonderful initial movement.

Next week I will try to complete this elementary lesson based on fundamentals. Be sure and read "Scotty Russell Talks Golf" in The Sun.

The ladies of the Orinda Country Club will hold their annual club championship September 10, 11, 15 and 17.

The qualifying round will take place September 10, so ladies, get your golf tools in top shape, and give of your very best. A large turnout is expected.

OVER THE Orinda Country Club's beautiful golf course, the Doten invitational tournament will hold sway August 28. This is a charitable undertaking, and the finest of its kind and purpose in these parts.

Don Doten, the present president of this fine country club, is working with his committeemen so that nothing will be left undone. The tournament is being directed by a very capable golfer, Vern Goodwin. I hope that the golfers in these parts may come out and watch some of the best names in northern California golfing circles.

Contra Costa Country Club Women's group irons tournament, August 5.

Class A: Mmes. Kermit Coon, 86-16-71; B. Wiesinger, 93-16-77; Paul Oliver, 93-16-77; J. De Costa, 96-19-77.

Class B: Mmes. L. H. Anderson, 102-25-77; R. T. Doyell, 104-25-79; Frank Colburn, 108-25-83.

Class C: Mmes. G. Malmquist, 111-30-81; Ted Coy, 113-31-82; Tom Donovan, 109-26-83; James Sturman, 111-28-83.

Mrs. John Lancaster, captain of the Contra Costa Country Club women's group, had a hole in one on the club's 11th hole. Mrs. Lancaster used a 3 iron and the fine shot was witnessed by Mrs. Kermit Coon, Mrs. William Fry, and Mrs. N. Macauley.

DIABLO WOMEN'S GOLF GROUP

Diablo Country Club's August golf schedule:

AUGUST 20: Point Par.
August 27: Old and Even.
Select your own partner with not more than 10 strokes difference in handicap.

Mrs. P. N. Kane, with a net score 223, won second place in class B in the northern California annual 54-hole Medal Tournament which was played at San Francisco, Orinda and Sequoyah Country Clubs.

Summer time proves to be scoring time for the following ladies who carded their "best-ever" games last month:

Mesdames James E. Crane, 79; P. N. Kane, 81; J. F. Bonner, 91; Robert A. Armstrong, 93; H. J. Blanco, 94; William R. Gubbins, 95.

Invariably, the guest day brings out quite a number of ladies from several close in member clubs, and as the following scores show that a good time was had by everyone.

Diablo Women's golf group, guest day, medal, August 6:
LOW GROSS: Mrs. Philip Kane, Diablo 82.

Class A: Mrs. Robert Neale, Castlewood, 86-16-70; Mrs. Glenn Fullerton, Sequoia, 84-14-70; Mrs. Rig Ballard, Diablo, 86-14-72; Mrs. Carl Duncan, Contra Costa, 89-16-73; Mrs. J. A. m. e. s Crane, Diablo, 84-11-73; Mrs. Edward Ballman, Diablo, 84-11-73.

Class B: Mrs. Paul Fulmer, Diablo, 93-19-74; Mrs. Bailey Justice, Diablo, 95-17-78; Mrs. John Van Nostrand, Alameda, 96-17-79; Mrs. William Barlow, Claremont, 97-18-79; Mrs. Jack Dawson, Diablo, 98-19-79; Mrs. Justin Fidanque, Presidio, 98-19-79; Mrs. Robert Miller, Diablo, 98-19-79; Mrs. William Banker, Claremont, 97-18-79.

Class C: Mrs. Roger Dewey, Contra Costa, 91-20-71; Mrs. Ralph Meyers, Castlemont, 94-21-73; Mrs. Robert Sellar, Contra Costa, 95-20-75; Mrs. Harris Transue, Meadow, 95-20-75.

Class D: Mrs. Aileen Gosslin, Diablo, 91-24-67; Mrs. Jack Davis, Diablo, 96-23-73; Mrs. Henry Holden, Sequoia, 97-23-74; Mrs. Robert Ingalls, Claremont, 98-24-74.

Class E: Mrs. John Kehoe, Tilten, 99-26-73; Mrs. Glenn Baxter, Diablo, 99-25-74; Mrs. R. D. Fish, Diablo, 101-25-76; Mrs. Joe Downs, Rodina, 103-27-76.

Class F: Mrs. H. B. Root, Castlewood, 102-28-74; Mrs. Frank Golden, Lake Merced, 103-29-74; Mrs. Allen MacVean, Castlewood, 103-29-74; Mrs. John Russell, Diablo, 105-28-77; Mrs. Benjamin Manning, Tracy, 112-32-80.

Perform this turning for several times until you feel this simple turning exercise. Then add your arms. In so doing, be most careful to permit the arms to go with your shoulders, all in one movement; try not to start the arms first, or the body first, rather, for the time being, forget you have arms or hands, turn the whole structure in one piece until the arms have reached a height where comfort is felt.

Here it is another way. When you learn to turn the body both right and left allowing the arms to follow the shoulders round, you ought to learn quickly, that this body movement will someday become your greatest asset.

DO NOT TRY to do anything more for the time being. Believe me, this simple calisthenic must have your close observation, and you must think every phase of this wonderful initial movement.

Next week I will try to complete this elementary lesson based on fundamentals. Be sure and read "Scotty Russell Talks Golf" in The Sun.

The ladies of the Orinda Country Club will hold their annual club championship September 10, 11, 15 and 17.

The qualifying round will take place September 10, so ladies, get your golf tools in top shape, and give of your very best. A large turnout is expected.

OVER THE Orinda Country Club's beautiful golf course, the Doten invitational tournament will hold sway August 28. This is a charitable undertaking, and the finest of its kind and purpose in these parts.

Don Doten, the present president of this fine country club, is working with his committeemen so that nothing will be left undone. The tournament is being directed by a very capable golfer, Vern Goodwin. I hope that the golfers in these parts may come out and watch some of the best names in northern California golfing circles.

Contra Costa Country Club Women's group irons tournament, August 5.

Class A: Mmes. Kermit Coon, 86-16-71; B. Wiesinger, 93-16-77; Paul Oliver, 93-16-77; J. De Costa, 96-19-77.

Class B: Mmes. L. H. Anderson, 102-25-77; R. T. Doyell, 104-25-79; Frank Colburn, 108-25-83.

Class C: Mmes. G. Malmquist, 111-30-81; Ted Coy, 113-31-82; Tom Donovan, 109-26-83; James Sturman, 111-28-83.

Mrs. John Lancaster, captain of the Contra Costa Country Club women's group, had a hole in one on the club's 11th hole. Mrs. Lancaster used a 3 iron and the fine shot was witnessed by Mrs. Kermit Coon, Mrs. William Fry, and Mrs. N. Macauley.

DIABLO WOMEN'S GOLF GROUP

Diablo Country Club's August golf schedule:

AUGUST 20: Point Par.
August 27: Old and Even.
Select your own partner with not more than 10 strokes difference in handicap.

FISHERMAN RED JONES won't have to talk about the "one that got away" with all this gear! There's no question but that fishing is a booming sport in California, but fortunately the special equipment needed for this active sport is not hard to come by. All this wonderful gear happens to be at Army-Navy Surplus Store on Main Street in Walnut Creek. Somebody in Red's house is going to be eating a lot of trout, we'll bet!

—Sun photo by Dave Ogden

Women Golfers In Tournament

Eight central county residents are among the 136 women who are taking part in the first invitational tournament of the Women's Golf Association at the Monterey Peninsula Country Club in Pebble Beach.

They include Mrs. Glenn McElhinney, 3647 Walnut Street, Lafayette; Mrs. J. P. Thomas, Mrs. Allen Ayers, Mrs. A. P. O'Kane, Mrs. H. S. Worthington, Mrs. Paul Cooper, Mrs. R. F. Hopkins and Mrs. J. W. Scammell, all of Orinda.

THE FIRST round of the tourney was played yesterday, and the 34 foursomes are teeing off today in the second round of play.

All of the competitors are from Northern California.

WEST PACIFIC

The Ellice Islands are sometimes known as the Lagoon Islands and are in the West Pacific north of Fiji.

Moraga Riders Schedule Rodeo, Show for Sunday

The Moraga Horseman's Association is staging a combined gymkhana, rodeo and horse show at its arena in Bollinger Canyon all day Sunday.

Events will begin at 8 a.m. and continue until dark, and food and beverages will be sold at the arena. Admission is free.

Basilio-Fullmer Opens Under Way

A Basilio-Fullmer open singles bowling tournament, with full handicaps allowed, is under way at Monument Bowl in Pleasant Hill.

General manager Tom Tancredy said the tourney honors the forthcoming appearance of middleweight contenders Carmen Basilio and Gene Fullmer, who'll appear at a public dinner "press conference" at the Bowl Thursday.

Orindans Will Take Part In Traveling University

Three 19-year-old Orindans are among the 54 students who will take part in Chico State's unique "traveling university" program in Europe this year.

They are Natalie Pray, daughter of Mr. and Mrs. Gordon Pray, 104 Sleepy Hollow Lane; Kathy Young, daughter of Mr. and Mrs. Lawrence A. Young, 420 Miner Road; and Robert Ruple, son of the J. W. Rupleys, 106 Camino Don Miguel.

THE PILOT program, which will take all of the 1959-60 school year, is under the direction of Dr. Lew D. Oliver, president of Chico State.

Four other faculty members will accompany the group to Europe. They are Dr. John Haupt, Dr. Robert L. Souders, Mrs. Jean Souders and Miss Virginia Sociofsky.

The group will leave from the Oakland Airport, August 21, a week from today, on the first leg of a trip that will end in Amsterdam after a five-day ocean voyage aboard the SS Atlantic.

FOR THIS first year-long traveling university to be attempted by a state operated school, Dr. Oliver selected the students from a wealth of applicants. The 54 who will make the trip are from several California colleges and other schools, some of them as far away as the University of Alabama.

Kathy's mother is a friend of Miss Sociofsky's, and she learned from the faculty member, former dean of girls at Oakland High School, about the trip.

Mrs. Young then told Kathy, who passed the word on to Natalie and Robert, and the three all applied and were accepted.

THE THREE local youths all graduated from Acalanes High School two years ago, and went to different colleges for the interim period. Natalie to Stephens College in Columbia, Mo., Kathy to the College of the Pacific and Robert to the University of California.

For the year's duration of the traveling experiment the trio, plus all of the others who are attending, must register as students of Chico State. In addition, they must all be in their junior years.

After completing the 10 months of study, the students can go back to the college of their choice — with a full year's college credits gained on the trip.

Dr. Oliver pointed out, however, that despite the school's mobility, the classes will be conducted in the same manner as those at Chico State.

"WE ARE NOT indulging in anything as tenuous as giving college credits for travel," he said. "There will be regular classes, regular lessons, and regular examinations. If the students successfully complete

their courses they will be given college credit."

If successful, the program may be adopted by other state colleges. The program will also be continued for another year, the 1960-61 school year, and, although it has not been approved yet, about 30 students have expressed their desire to take part in the next tour.

The cost is about \$2,000 per student, with personal expenses extra. The amount includes travel, food and lodging.

COURSES range from northern medieval and Renaissance art to European literature and the geography of northwestern Europe and Mediterranean and Eastern Europe.

Stops for the school are scheduled in Amsterdam, Vienna, Florence, Rome, Barcelona, Paris and London, with the longest stay — two and a half months — to be in Spain.

All of the travel will be made by Volkswagen buses.

Orinda Girls Combine to Win Top Fair Award

Two Miramonte High School graduates combined their efforts to walk off with the top industrial education arts and crafts award at the recent Contra Costa County fair in Antioch.

They are Martha Hall, daughter of Mr. and Mrs. M. A. Hall, 17 Camino Encinas, and Joan Collins, daughter of Mr. and Mrs. Ed Higgins, 12 South Trail, who won the honor for their efforts while students at the high school last spring.

MARTHA ENTERED in the arts division and Joan in the crafts section.

Coincidentally, the winners in the same classifications last year were also students at Miramonte, and the arts and crafts teacher was the same in both cases.

Orindans Serving With First Fleet

Two Orindans are serving aboard ships of the U.S. Navy which recently took part in the First Fleet's visit to San Francisco and a major exercise off the California coast.

They are Dennis R. Hill, electronic technician third class aboard the radar picket submarine USS Rasher, who is the son of Mr. and Mrs. J. E. Hill, 2 Idyll Court; and Navy Capt. Axton T. Jones, aboard the other USS Ashtabula, who is the son of Mrs. Axton F. Jones, 184A Moraga Highway.

COOL LEAVES

The big glossy leaves of Aralia sieboldii are handsome additions to any garden that needs a cooling look tropical for semi-shaded areas.

Heinsohns Have Australian Post

George Heinsohn, 25-year-old high school teacher, his wife, Jean, and their five-month-old daughter will leave by air late this month for the State of Tasmania in Australia, where George will accept a teaching position.

Mrs. Heinsohn is the daughter of Jack Galbraith, 31 Charles Hill Road, and the Heinsohn family is living at the Orinda address until departure time.

George, a former science teacher at Oakland's Frick Junior High School, is a zoologist interested in doing a paper on Australian animal life for his doctorate. He plans to begin his research after teaching in Tasmania for awhile.

Junior College District Budget Tops \$4 Million

A final budget of \$4,131,903 for 1959-60 was adopted Monday night by the Contra Costa Junior College trustees.

The budget, up \$556,808 over last year, calls for a tax rate of 36.4 cents per \$100 of assessed valuation, an increase of 1.8 cents.

Principal increases are a faculty pay raise costing \$129,000 a year and the employment of 19 new teachers at a cost of \$128,000.

Although the budget is \$197,578 more than the tentative proposal approved in June, the difference will be financed by the increase in state grants of non-resident students.

Trustees discussed the site at

Camp Stoneman proposed for a third campus and indicated that they favored tentative offers received for the gift, or sale at a "very low price," of 100 acres in the Brentwood-Antioch area as an alternate to the Stoneman site.

Pittsburg's original approval of acquisitions of the site by the Junior College over the Southern Pacific Railroad bid took into consideration probable increase in property values adjoining the college, use of the college as a "buffer" between Pittsburg's light industrial area and Antioch's residential area, and general cultural improvement.

Board members said they are disturbed because the government requires the district to be-

gin using the site within 18 months or pay an annual penalty. The district will not need another campus for another four or five years.

In other action the trustees awarded a \$36,798 contract to the Built-Right Construction Company of Martinez for construction of five portable buildings. They will provide three classrooms at Diablo Valley and teacher rest-rooms at both campuses.

You Can Win Them Just by Reading the Sun Want Ad Pages

Each week names of local residents are listed in the Sun Want Ad columns. It may be yours, next week. Why not find out? You have nothing to lose, and lots to gain!

It's easy and profitable to run through the Sun classifieds, which are loaded with bargains, and thousands of people do it each week just as naturally as they eat and sleep.

If your name appears among the classified ads, clip it out and take it to the El Rey or Park Theater as indicated. Two people will be admitted free.

Mailers Will Seek More March of Dimes Funds

Over 100,000 mailers seeking contributions to the emergency appeal of the New March of Dimes of the Contra Costa County Chapter of the National Foundation will be mailed to county residents to help raise \$40,000 needed to meet the dangerous threat to patients occasioned by lack of funds, according to Mrs. Donald P. Krotz, Orinda area representative of the county chapter.

The mailers contain return envelopes for checks or coins.

"WATCH YOUR mail carefully for the next few days. These letters might mean another chance at a new life for one of our county's polio patients," Mrs. Krotz said. "Every cent of the returns will be used in this county for direct assistance here and now for our Contra Costa patients."

The emergency appeal is necessary because the polio burden from past years is greater in this county than in other areas, according to March of Dimes officials.

County chapter funds have been used up in paying for treatment, care and equipment for paralytic polio cases.

THIS EMERGENCY means that many of our polio victims may be stranded this summer without needed hospitalization and rehabilitation equipment such as braces, crutches, vital physical therapy and other services made possible by March of Dimes funds.

This could mean that some may face a lifetime handicap and disability, instead of having their chance to recover from polio crippling.

"We are making this direct appeal to the people of our county," Mrs. Krotz said, "because help is needed now if our patient service is to continue."

Ladies Lead List of Late Learners

Popular with ladies — that describes evening classes conducted by Contra Costa County high schools, which tend to attract substantially more women than men.

The situation is reversed at Contra Costa Junior College, where the men outnumber women almost two to one.

As of last spring there were 6215 women enrolled in adult classes conducted by high schools, contrasted with a male enrollment of 3237. A total of 2297 men and 1304 women attend the junior college.

This was a grand total, said County Superintendent Floyd Marchus, of 13,053 adults studying in the public schools, a gain of 1194 from March 1958.

The enrollment of adults in high school evening classes increased from 8882 to 9452 and in junior college classes from 2977 to 3601.

Regular day school enrollment gained 4915 or 5% during the same period, up from 97,728 to 102,643 said Marchus.

He added the enrollment report by the State Department of Education shows Contra Costa to have lost seventh place to Sacramento County. Contra Costa is now exceeded by Los Angeles, San Diego, Alameda, Orange, Santa Clara, San Bernardino and Sacramento, in that order.

Contra Costa's enrollment broken down was 77,140 in kindergarten through eighth grade, 22,392 in junior and senior high schools and 3111 in junior college.

HOUSE PEST

Hundreds of thousands of house flies are raised continually on "fly farms" for the single purpose of testing new insecticides.

CAR DEALERS

There are close to 40,000 franchised new car dealers in the United States, according to the National Automobile Club.

If your aim is for...

There are several Osmundsen Homes now being built that can be completed to your specifications.

Even when buying an Osmundsen Home that is well on its way toward completion... there is no need to settle for anything less than exactly what you want!

Unlike the ordinary "Ready-Built" home, the partially-completed Osmundsen Home will be finished entirely to your specifications. And—contrary to common belief—the home finished to your specifications in the Osmundsen way usually costs no more than the "Ready-Built" home!

Now is the time to see how much fun it is to have an existing, partially-completed Osmundsen Home finished the way you really want it!

Contact your realtor or

1366 Main Street, Walnut Creek YE 4-4446

A Miniature Estate

For a retired couple. Excellent 2 bedroom ranch home in immaculate condition on a large lot, meticulously landscaped and fenced. Included is a bearing family fruit orchard. Plenty of space for a garden. Big shady willow tree with a patio area for relaxing. Weatherstripped, ceilings insulated. Sprinkler system in front lawn. Near neighborhood shopping. A home where the work is all in, and maintenance is at a minimum. It can be a delightful home for retiring, or for busy working people. Moderately priced for so much at \$13,950.

Walnut Heights

A big home with a colossal view. 3 BEDROOMS, 2 BATHS. FAMILY room. Large well built 10x16 attached storage room can be used in a multitude of ways. This is a large house with many possibilities, including the use of the FAMILY room as an extra large 4th bedroom with its own storage closet if needed. Very well landscaped with good pool site. If you need room and like it well done, plan to see this one right away. \$23,850, full price.
